2. Non-Agenda Items

3. Adjourn

Commissioner Olson moved and Commissioner Zundel seconded to adjourn. Commissioners Jorgensen, Zundel, Dardis, Olson and Anderson voted aye. No Commissioners present voted nay, the motion to adjourn, was declared carried.

Appendix 1:
Transcript of remarks from City Attorney, Katie Schmidt

Thank you, Commission President and Commissioners.

Since our meeting on Monday night, I've had an opportunity to review the RFQ, the proposals that were submitted in response to the RFQ, and additional information submitted by ETS following the meeting. I've also met with City staff to discuss the RFQ and reviewed correspondence between City staff and proposers that occurred before, during, and following the RFQ evaluation period.

From that review, I understand the following:

1. Prior to the issuance of the RFQ in February, there were existing relationships between the City and two of the proposers, including ETS, for the City's current access door and camera systems. City staff utilized quotes received from these companies to determine the budget request amount for the CIP and additionally informed the companies that the City later planned to issue a public request for the work.

2. The City issued the RFQ on February 2, 2026, with an original deadline for proposals to be submitted 3 weeks later on February 23. On February 19, City staff issued an addendum extending the deadline for submission for 2 additional weeks, making them due by March 2. City staff communicated the extended timeline to prospective proposers, including to ETS on February 18; City staff also posted the addendum on the City's website and published it in the paper. ETS submitted its proposal to the City on February 27, the Friday before the Monday, March 2, deadline.

3. During the time that the RFQ was open, City staff received and fielded various questions from prospective proposers and encouraged them to visit the City's facilities, which ETS and another prospective proposer did. If City staff missed responding to any questions from prospective proposers during this time, it does not appear to have been intentional or in bad faith.

4. In response to the RFQ, the City received 3 proposals. The RFQ set forth that the proposals would be considered on 7 qualifications: technical compliance and functionality; alignment with Genetec security center requirements; vendor experience and qualifications; implementation approach and timeline; cost-

5. effectiveness and pricing clarity; support and maintenance offerings; and scalability and long-term value. City staff met on March 10 to begin evaluating the proposals and found 1 of the proposals received to be non-responsive and did a thorough evaluation of the other 2 proposals based on the RFQ evaluation criteria, including telephoning both of those entities that day to ask for additional information during the evaluation, as authorized by the RFQ.

6. ETS has raised a concern about not knowing that cameras over the 4 MP threshold needed to be replaced. The RFQ, however, did not include a MP threshold for the cameras and was instead drafted more broadly and indicated that approximately 140 cameras across all of the City's locations would need replacement, leaving the specifics as to what the City needed for the system to the discretion of the proposers.

7. ETS additionally contends it would have submitted a lower price if it had known about a 4 MP threshold before submitting its proposal. City staff, however, asked ETS about its pricing for these items while it was still evaluating the proposals, and even if ETS's pricing for these items would have varied from its submitted proposal, the evaluation criteria were much broader than just pricing.

8. Overall, it appears that City staff very seriously considered ETS's proposal, as well as the other proposal, and ultimately recommended the other proposer based on the RFQ evaluation criteria.

I am available for any questions that you may have.

☐Regular Agenda

Item Title: Right-of-Way Permitting

Requested Action/Staff Recommendation: Authorize Engineering to lift season Shutdown for all Right-of-Way work within the City of West Fargo

Presented By: Jerry Wallace, City Engineer

New Information:

During the December 1, 2026, Commission meeting authorization was given to Engineer to initiate a season shutdown for all non-emergent Right-of-Way construction.

Beginning Tuesday, April 21, 2026, Engineering anticipates that frost depths will no longer pose a risk to the integrity of city infrastructure. Accordingly, Engineering requests Commission approval to lift the current seasonal shutdown. Lifting the shutdown would allow the release of the following permits for excavation and drilling within the city-owned Right-of-Way.

1. Excavation Permit
2. Driveway/Sidewalk Permit
3. Residential Civil Site Permit
4. Commercial Civil Site Permit

Supporting Documents:

- Letter for contractors

Previously Presented Information & Commission Actions:

December 1, 2025 –

- **Staff Recommendation:** Authorize staff to initiate a season shutdown for all non-emergent permitting and utility work.
- **Commission Action:** Commissioner Olson moved and Commissioner Anderson seconded to approve. Commissioner Zundel recused herself and Commissioner Jorgensen was absent and not voting. Motion carried on a 3:1:1 Vote.

Kayla Volness – Project Administrator

Engineering Department
2515 6th St. E
West Fargo, ND 58078
701-515-5100
www.westfargond.gov

April 6th, 2026

To: Utility Contractor/Company

From: West Fargo Engineering Department

Subject: Season Shutdown to lift Tuesday, April 21, 2026

The City of West Fargo will soon be lifting the Season Shutdown starting on Tuesday, April 21, 2026. Once lifted the City will be releasing the following permits for excavation & drilling in the Right-of-Way.

- Excavation Permit
- Driveway/Sidewalk Permit
- Residential Civil Site Permit
- Commercial Civil Site Permit

This will be contingent on the completion of all unfinished restoration from the previous year including; sidewalk panels, concrete street panels, asphalt patches, any open holes, or un-restored ground. Black dirt fill is to be compacted to 90%, graded for adequate drainage and seeded for proper turf establishment. We expect asphalt patches to be complete as soon as production plants re-open. Engineering will not approve or release any 2024 permits if these requirements are not completed. If restorations for any carryover (2025) permits are not completed in a timely matter, additional fines may be incurred. The permit holder is responsible for all restoration to job sites. All 2025 permits awaiting restoration will start to accrue a daily fee starting April 21, 2026, and continue until completed.

Excavators are required to apply for a permit and it be approved before working in the right of way when it is not associated with a city project or an emergency. The Right-of-Way generally falls 2ft behind sidewalk toward private property, but this is not always the case. Excavating without a permit can/will result in fines from the City of West Fargo and/or loss of permit/licensing eligibility. All surfaces disturbed by excavation shall be restored to the condition as it was prior to excavation. Restoration shall be made within **72 hours** of the completion of backfilling to complete work. Replacement of streets and/or sidewalks are to follow City of West Fargo standards. In addition, once any street and/or sidewalk work is completed it must re-open to traffic. If a longer closure is required and/or needed please contact City of West Fargo Engineering for approval.

North Dakota One Call would like us to remind everyone of online ticketing at North Dakota One Call - Excavators - Safe Digging (ndonecall.com)

If you have not done so already please sign up for any pertinent information relating to Right-of-Way permitting here: Notify Me • West Fargo, ND • CivicEngage (westfargond.gov)

To receive a contractor number to be able to apply for any Engineering permitting please use the following link to apply for the User Registration:

- User Registration (arcgis.com)

After approval of the User Registration the following links will take you to the appropriate permits that you will now be able to apply for

- Excavation Permit: ROW Excavation Permit (arcgis.com)
- Driveway Sidewalk Permit: Sidewalk and Driveway Permitting (arcgis.com)
- Residential Civil Site Permit: Residential Civil Site Permitting (arcgis.com)
- Commercial Civil Site Permit: Commercial Civil Site Permitting (arcgis.com)

All open and already approved permitting can be accessed and viewed via our user look up link: https://experience.arcgis.com/experience/6fb6f896d45942dc80ea1ebdff281d15/page/Company-Permit-Lookup/

New this year, Please contact Brandon Bahr for any Sidewalk/Driveway permits or inspections.

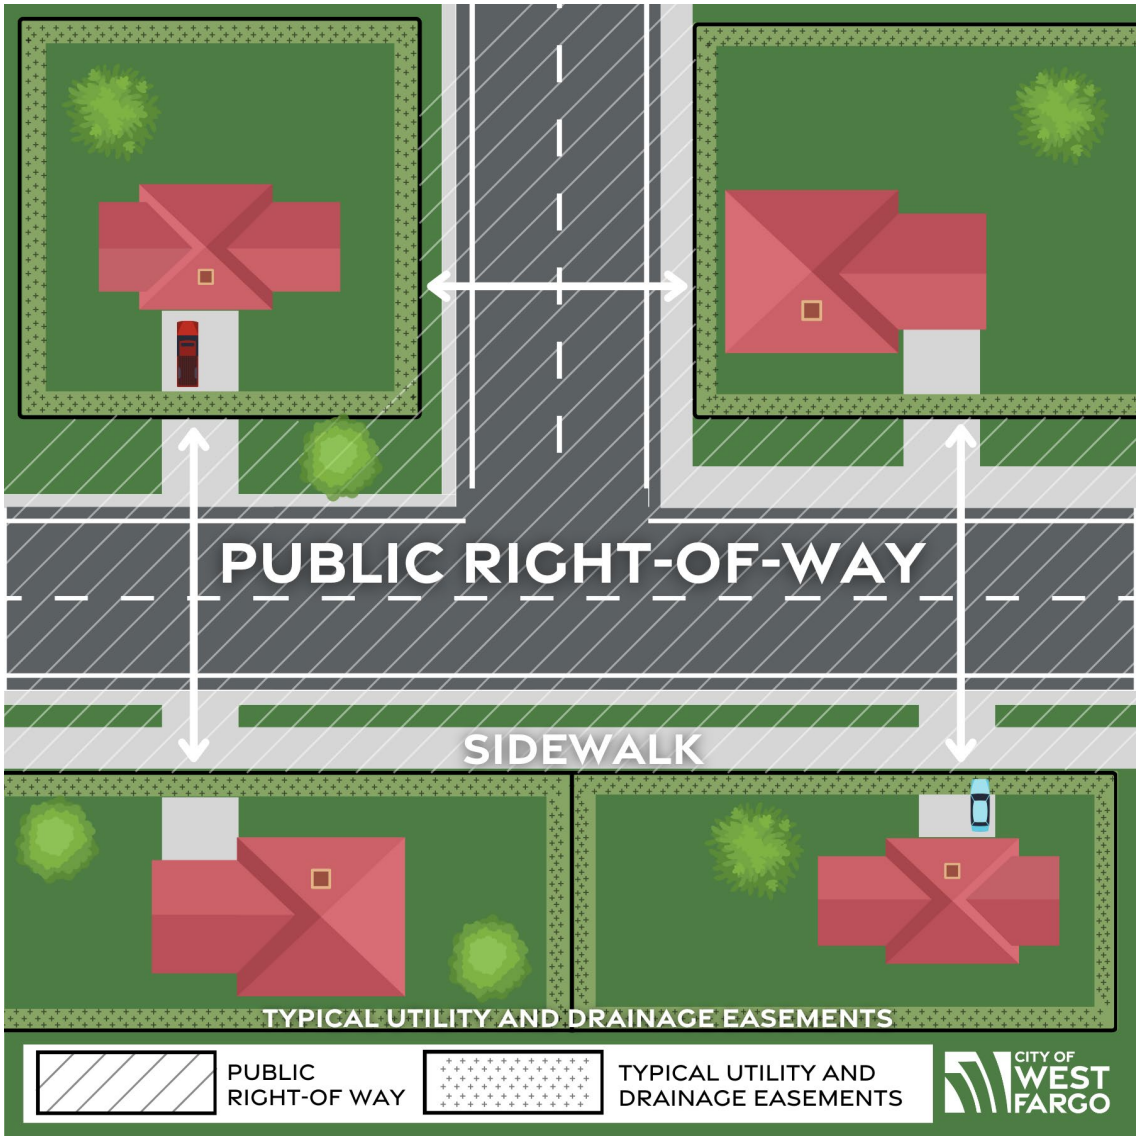

Contact one of the following for all start and completion dates associated to all approved permits. To schedule any project walkouts please contact Benji Schwartz:

- Benji Schwartz / Right-of-Way Manager – 701-261-1770; Benji.Scwartz@westfargond.gov
- Kayla Volness / Project Administrator – 701-515-5102; Kayla.Volness@westfargond.gov
- Brandon Bahr / Civil Engineering Tech. II – 701-630-4821 (Sidewalk/ Driveway) Brandon.Bahr@westfargond.gov

If you have any questions regarding the information listed above, please contact our Engineering Department at 701-515-5102.

Thank you!

City Commission Agenda Item Memo
Meeting Date: April 20, 2026

☒ **Consent Agenda**
☐ **Regular Agenda**

Item Title: Improvement District No. 3008 – Meadow Ridge Development Reconstruction – Phase 1

Requested Action/Staff Recommendation: Adopt Resolution Approving Contract and Contractor's Bond and Authorize Notice to Proceed.

Presented By: Jerry Wallace, City Engineer

New Information: At the March 16, 2026, the Commission Meeting, the City Commission reviewed bids and awarded contract to Dirt Dynamics, LLC. The contract documents were prepared and delivered to the City Attorney's office for review. After their compliance review, the attached Resolution was prepared for the City Commission's review and approval.

Supporting Documents:

- Resolution Approving Contract and Contractors Bond
- Notice to Proceed

Previously Presented Information & Commission Actions:

March 16, 2026 –

- **Staff Recommendation:** Accept Bid and Award Contract, Contingent upon NDDEQ Environmental Review Approval.
- **Commission Action:** Commissioner Zundel moved, and Commissioner Anderson seconded to approve. No opposition, motion carried.

---AND---

- **Staff Recommendation:** Approval of both the SRF Loan and Application Documents and Resolution of Governing Body
- **Commission Action:** Commissioner Zundel moved and Commissioner Olson seconded to approve. No opposition, motion carried.

February 2, 2026 –

- **Staff Recommendation:** Approve Plans and Specification and Direct Advertisement for Bids
- **Commission Action:** Commissioner Jorgensen moved, and Commissioner Zundel seconded to approve. No opposition, motion carried.

November 17, 2025 –

- **Staff Recommendation:** Approve Amended Engineer's Report
- **Commission Action:** Commissioner Anderson moved, and Commissioner Jorgensen seconded to approve. No opposition, motion carried.

September 22, 2025 –

- **Staff Recommendation:** Approve Engineer's Report, Direct Plans and Specifications; and Approve Task Order No. 96-1.
- **Commission Action:** Commissioner Jorgensen moved, and Commissioner Zundel seconded to approve. No opposition, motion carried.

June 2, 2025 –

- **Staff Recommendation:** Create Improvement District No. 3008, Direct Engineer to prepare Engineer's Report and Approve Task Order No. 96

- **Commission Action:** Commissioner Anderson moved, and Commissioner Jorgensen seconded to approve. No opposition, motion carried.

Improvement District No. 2281:

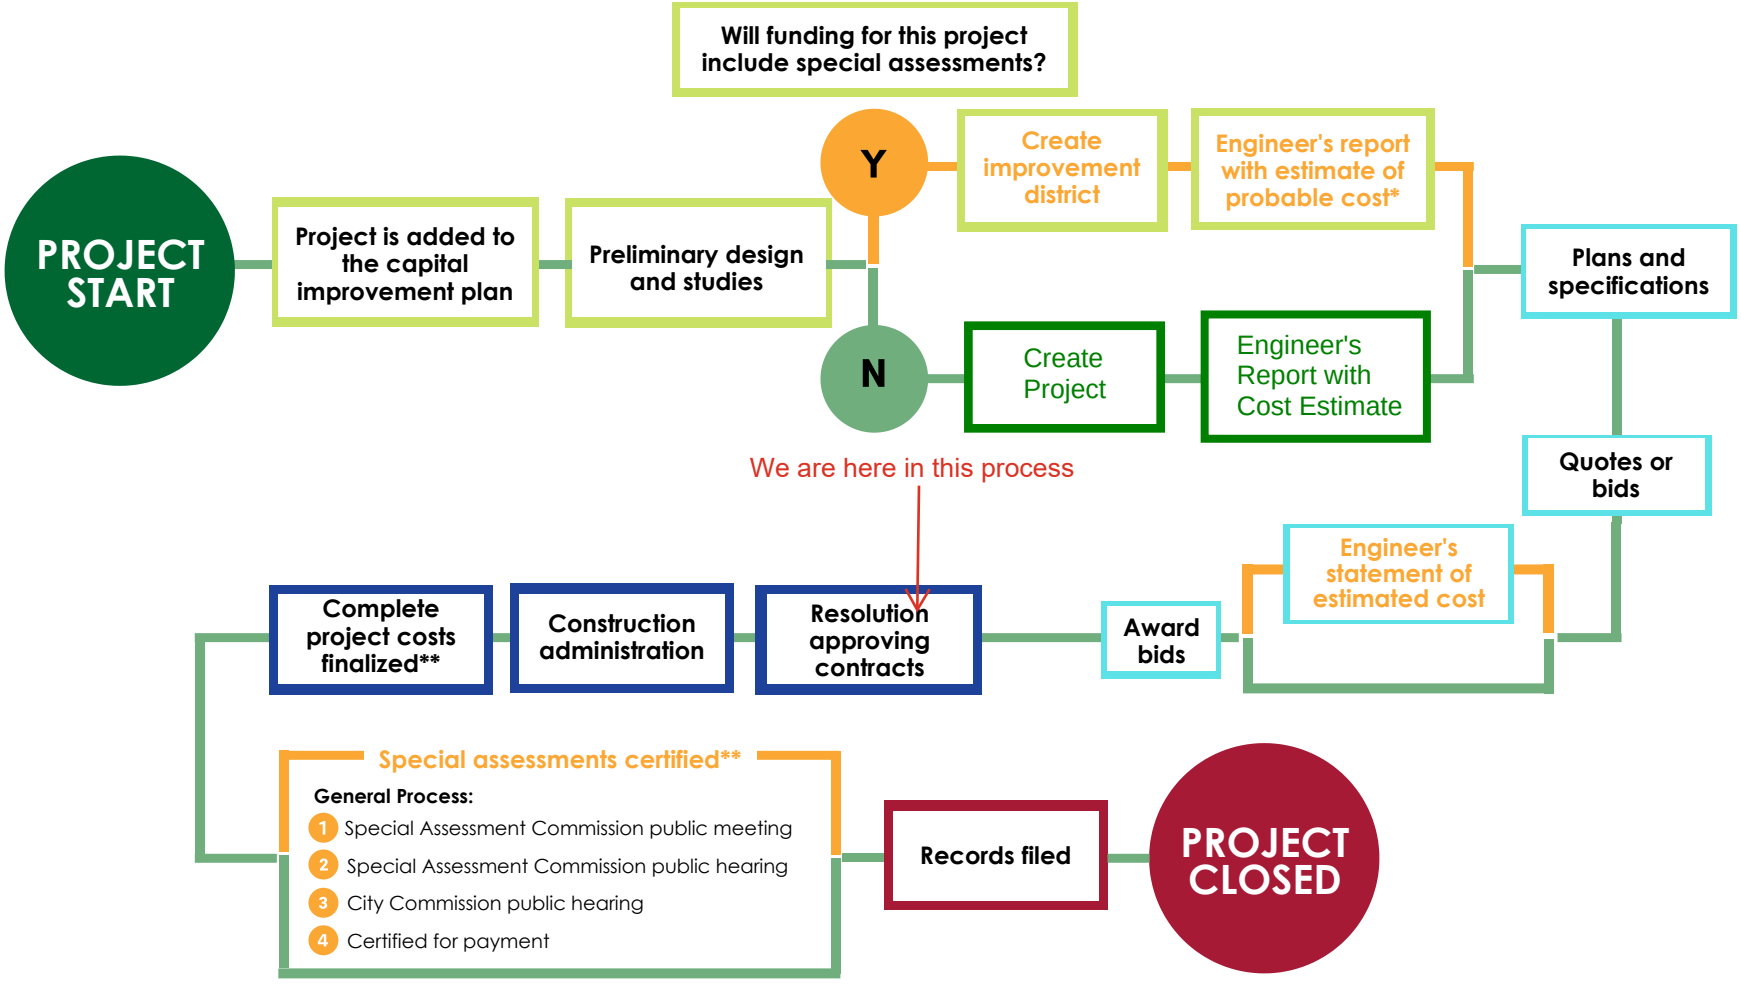

- On March 18, 2024, the Commission was presented with the results of the Meadow Ridge Mill & Overlay study. In that presentation the findings of the sanitary sewer and watermain issues were noted.
- No formal action was taken

Dustin Scott, City Administrator

City of West Fargo

Process for Contracts and Improvements

Improvement Process Overview

*The City of West Fargo creates an engineer's report and estimate of probable cost for most projects, but is legally required to do so for projects using special assessment funding.

**The special assessment certification process allocates the cost of the project after the complete cost of the project is final. The Special Assessment Commission does not discuss project costs.

Commissioner _____introduced the following resolution and moved its adoption:

RESOLUTION APPROVING CONTRACT AND CONTRACTOR'S BOND IN
IMPROVEMENT DISTRICT NO. 3008
NEW WATER SUPPLY, SEWERAGE, STREET SYSTEMS; AND INCIDENTALS

BE IT RESOLVED by the City Commission of the City of West Fargo, North Dakota, that it is hereby found, determined and declared that the general contract heretofore entered into by and between the City of West Fargo and Dakota Underground Company is in full conformity with the law, including Section 40-22-36 of the North Dakota Century Code; that the contractor's bond of Dakota Underground Company heretofore received and filed with the City Auditor is in full conformity with the law including Section 48-01.2-10, of the North Dakota Century Code; and that the contract and contractor's bond are hereby approved.

Dated: April 20, 2026

APPROVED:

_____
President of Board of City Commissioners

ATTEST:

_____
City Auditor

The motion for the adoption of the foregoing resolution was duly seconded by_____. On roll call vote, the following commissioners voted aye: _____. The following commissioners voted nay: _____. NOTICE TO PROCEED

Owner:	City of West Fargo	Owner's Project No.:	3008
Engineer:	Moore Engineering, Inc.	Engineer's Project No.:	30292
Contractor:	Dakota Underground Company	Contractor's Project No.:	
Project:	Meadow Ridge Reconstruction – Phase I		
Contract Name:	Improvement District No. 3008; Replacement of Water Supply, Sewerage Systems, Street Reconstruction, and Incidentals		
Effective Date of Contract:			

Owner hereby notifies Contractor that the Contract Times under the above Contract will commence to run on _____ pursuant to Paragraph 4.01 of the General Conditions.

On that date, Contractor shall start performing its obligations under the Contract Documents. No Work will be done at the Site prior to such date.

In accordance with the Agreement:

The date by which Substantial Completion must be achieved as stated in the Agreement, and the date by which readiness for final payment must be achieved per Agreement.

Before starting any Work at the Site, Contractor must comply with the following:

1. Obtain a City of West Fargo Storm Water Management Permit.

2. Submit an Application (Notice of Intent) to Obtain Coverage Under NDPDES General Permit.

3. Provide a copy of the "Asbestos Notification of Demolition and Renovation" (SFN17987) application submittal and the NDDEQ Approval Response Letter to the Owner and Engineer. The Notice must be submitted 10 working days before beginning the activity.

City Commission Agenda Item Memo
Meeting Date: April 20, 2026

☒ **Consent Agenda**
☐ **Regular Agenda**

Item Title: Project No. 9072 – DWR Water Development Plan Applications

Requested Action/Staff Recommendation: Approve Resolution for submittal of Department of Water Resources Cost-Share Applications for the 2027-2029 Water Plan

Presented By: Jerry Wallace, City Engineer

New Information: Staff is requesting that the Commission approve authorization to prepare and submit project information and planning forms to the North Dakota Department of Water Resources (DWR) for potential inclusion of four City projects in the 2027-2029 Water Development Plan. Inclusion does not commit the City to construction during the biennium.

Background & Project Summary: The DWR maintains a biennial State Water Development Plan, which identifies statewide water infrastructure priorities. Projects must be included in this plan to be considered for prioritization in the state Cost Share Program. These projects must be submitted by April 30th for consideration in the 2027-2029 plan. The City Engineering Department has identified four projects as candidates currently: 2nd Avenue East, 7th Avenue, phases I and II, and 13th Avenue East

Financial Analysis: Projects included in the Water Development Plan receive higher prioritization when applying for state cost-share funds in future years. Future cost-share eligibility could reduce local share requirements if projects move forward, but the actual financial implications will be analyzed during future design and budgeting phases.

Policy Analysis: Submissions for the state's Water Development Plan align with the City's long-term infrastructure planning and capital improvement process. Participation in the plan supports strategic positioning for future state funding, improved visibility for infrastructure projects, and compliance with state expectations for cost share eligibility.

CITY OF WEST FARGO, NORTH DAKOTA
RESOLUTION NO. ____

A RESOLUTION AUTHORIZING SUBMISSION OF PROJECT INFORMATION AND PLANNING FORMS TO THE NORTH DAKOTA DEPARTMENT OF WATER RESOURCES FOR INCLUSION IN THE 2027–2029 WATER DEVELOPMENT PLAN

WHEREAS, the North Dakota Department of Water Resources prepares and maintains the State Water Development Plan, which identifies water infrastructure projects and priorities on a biennial basis; and

WHEREAS, the Water Development Plan informs the Department's budget request to the North Dakota Legislature for the upcoming biennium and establishes priority for projects seeking funding through the Cost Share Program; and

WHEREAS, inclusion of a project in the Water Development Plan is required for prioritization of funding assistance but does not obligate the City to proceed with construction of the project during the biennium; and

WHEREAS, local governments must submit Project Information and Planning Forms to the Department of Water Resources by April 30, 2026, for consideration in the 2027–2029 Water Development Plan; and

WHEREAS, the City of West Fargo has identified the following projects for potential inclusion in the 2027–2029 Water Development Plan:

- 2nd Avenue East
- 7th Avenue – Phase I
- 7th Avenue – Phase II
- 13th Avenue East; and

WHEREAS, the City desires to authorize preparation and submission of the required Project Information and Planning Forms in coordination with its engineering consultant.

NOW, THEREFORE, BE IT RESOLVED by the City Commission of the City of West Fargo, North Dakota, that the City Engineer is hereby authorized and directed to work with Moore Engineering to prepare and submit Project Information and Planning Forms for the above-listed projects to the North Dakota Department of Water Resources for inclusion in the 2027–2029 Water Development Plan.

BE IT FURTHER RESOLVED that submission of these projects is for planning and budgeting purposes only and does not constitute a commitment by the City to construct the projects during the biennium.

PASSED AND APPROVED by the City Commission of the City of West Fargo, North Dakota, this 20th day of April, 2026.

City Commission Agenda Item Memo
Meeting Date: April 20, 2026

☒ **Consent Agenda**
☐ **Regular Agenda**

Item Title: Improvement District No. 2288 – 52nd Ave & 9th St W Intersection Improvements

Requested Action/Staff Recommendation: Direct Engineer to prepare an Engineer's Report

Presented By: Jerry Wallace, City Engineer

New Information: With federal grant money awarded for construction of the project, staff are requesting permission to proceed with preparing an updated Engineer's Report for the intersection improvements, incorporating current cost projections and grant funding to address documented safety and operational needs.

Background & Project Summary: In 2021, a Traffic Impact Study identified this intersection as needing improvements within five years to maintain an acceptable level of service during peak traffic periods. The study recommended constructing a single-lane roundabout, which would also enhance pedestrian safety along 52nd Avenue. Since that time, further analysis has warranted adding several slip lanes to improve functionality.

In May 2022, a pedestrian crossing study documented more than 200 crossings at this location, further reinforcing the need for safety improvements.

The improvements were previously advanced under Improvement District No. 2276. At that time, the City Commission elected not to proceed with the project as presented due to opposition from affected property owners. Direction was given to pursue alternative funding opportunities, and a temporary measure—a four-way stop—was installed at the intersection.

Since that time, staff have secured Highway Safety Improvement Program (HSIP) grant funding and is bringing the project back for reconsideration with updated costs and a revised funding strategy.

Financial Analysis: The total estimated construction cost of the project at the time the application was submitted for funding was $2,260,000. The HSIP grant will fund 90% of these costs, up to $2,034,000, with a local share of construction costs of $226,000.

This project was included in the 2024 CIP for 2028 construction, with an estimated cost of $3,302,000, which accounts for inflation and soft costs.

After the grant funds have reduced the project cost, the remaining project costs are proposed to be assessed at 70%, with the remaining 30% to be paid for via Capital Improvement Sales Tax.

Policy Analysis: The proposed project aligns with City policies prioritizing public safety, traffic operations, and the use of external funding to offset local costs. The project directly addresses documented vehicular and pedestrian safety concerns.

Additionally, the revised funding approach reflects the Commission's prior direction to seek alternative funding sources before reconsideration. The use of HSIP funds, Capital Improvements Sales Tax, and special assessments represents a funding model that balances available citywide funding and is consistent with current practices for similar transportation improvements.

City of West Fargo

Process for Contracts and Improvements

Improvement Process Overview

*The City of West Fargo creates an engineer's report and estimate of probable cost for most projects, but is legally required to do so for projects using special assessment funding.

**The special assessment certification process allocates the cost of the project after the complete cost of the project is final. The Special Assessment Commission does not discuss project costs.

Commissioner _____ introduced the following resolution and moved its adoption:

RESOLUTION DIRECTING ENGINEER TO PREPARE REPORT

BE IT RESOLVED by the Board of City Commissioners of the City of West Fargo, deeming it necessary to make certain improvements consisting of removing the existing 4-way stop at the intersection of 52nd Ave W and 9th St W and installing a slip-lane roundabout with westbound to northbound and northbound to eastbound slip lanes used or useful in connection with the above specified improvements, be constructed and made in Improvement District No. 2288 – 52nd Avenue and 9th Street W – Intersection Improvements of the City of West Fargo, the City hereby directs Jerry Wallace, the Engineer for the City of West Fargo and being a competent engineer, to prepare a report as to the general nature, purpose and feasibility of the proposed project and an estimate of the probable cost of the work.

Notes:

1	The majority of the property tax revenues are typically received in the early part of the year, hence the large favorability year-to-date. A budget amendment was processed to carry-over airport construction from 2025 that was funded primarily from a state grant and airport improvement funds.
2	EECB Energy grant for purchase of electric vehicle not received yet ($77k)

City Commission Agenda Item Memo
Meeting Date: April 20, 2026

☒ **Consent Agenda**
☐ **Regular Agenda**

Item Title: Approve Vector Control Contract

Presented By: Matthew Andvik, Senior Director of Public Works

Requested Action/Staff Recommendation: Approve Vector Control Contract with Cass County and VDCI for Aerial Spraying

---

Background & Project Summary:

The City has contracted with Cass County for many years to supply mosquito control for West Fargo. We have partnered with VDCI since 2023 to provide aerial spraying for mosquito control.

Attached Supporting Documents:

- Cass County Vector Control Contract
- VDCI Authorization Application
- First Amendment to Mosquito Spraying Contract with VDCI
- Original VDCI Contract 2023-2025

Financial Impact:

The year 2025 marked the highest expenditure for Vector Control to date, largely due to persistent wet weather conditions. A total of $92,170.16 was spent, which is close to the full contracted amount of $97,500. This figure surpasses the previous record high in 2020, when expenditure reached $76,858.61. Over the period from 2013 to 2024, annual spending averaged $58,886.18, highlighting the significant increase in 2025.

For 2026, the total contract amount has increased from $97,500 to $110,000. This adjustment reflects rising labor and material costs. The budget allocated for Vector Control in 2026 stands at $100,000. Importantly, the Vector Control fund generates sufficient revenue to cover the full contract amount, should it become necessary.

Each year, the VDCI contract includes a retainer fee of $24,187.50. This fee is designated to cover the cost of the year's first aerial spray.

- **Staff Recommendation:** Approve the contracts with Cass County and VDCI for Vector Control Services
- **Commission Action:** Click or tap here to enter text.

2026 MOSQUITO CONTROL AGREEMENT
CITY OF WEST FARGO AND CASS COUNTY GOVERNMENT

This is an agreement to formalize the partnership for mosquito control between the City of West Fargo and Cass County Government during the 2026 mosquito control season. The agreement is made between the City of West Fargo, whose office is located at 800 4 Ave East, West Fargo, ND 58078, hereinafter CITY, and Cass County Government, whose office is 211 Ninth Street South, Fargo, ND 58108, hereinafter COUNTY.

THE PARTIES STIPULATE AND AGREE AS FOLLOWS:

1. COUNTY agrees to provide mosquito control activities throughout the Vector Control District commensurate with the funding available. For the 2026 season, approximately $1.13 million in Vector Control Mill funds has been designated for the Countywide Vector Program. County funds will be used within the City of West Fargo and in surrounding areas with the objective being to distribute products and services commensurate with the source of revenue.

2. In addition to service provided in paragraph 1, COUNTY will provide services within the City of West Fargo and adjacent area for various mosquito control activities such as but not limited to: making applications of pesticides using off-highway vehicles, spraying mosquitoes in West Fargo parks and schools, inspection of public and private property, collection of mosquito traps for population monitoring. The County Vector Director will provide technical direction and coordination of these activities. The Vector Director will also work in cooperation with CITY officials to provide other technical assistance as necessary.

3. CITY agrees to provide funding to support the activities referred to in paragraph 2. Total estimated cost for these activities is **$95,000.** Estimated start date and end dates for activities is April 15th to October 1st respectively.

4. COUNTY will provide services within the predetermined "Extra-territorial" area for various mosquito control activities such as but not limited to: making applications of pesticides using off-highway vehicles, inspection of public and private property, and collection of mosquito traps for population monitoring.

5. CITY agrees to fund fifty percent (50%) of the activities described in paragraph 4. COUNTY agrees to fund fifty percent (50%) of the activities described in paragraph 4. Anticipated total cost of services defined in paragraph 4 are estimated to not exceed $15,000.

6. COUNTY will provide monthly statements to CITY of time and materials, and invoice CITY monthly.

7. CITY agrees to fund the cost of City-wide adult mosquito spraying at $1,000 per application. Estimate between 5 and 10 applications per season dependent upon conditions. Adult mosquito spraying will be invoiced monthly.

8. If COUNTY costs significantly exceed any line items, COUNTY may request an additional funding to maintain activities in LINE 2. If at any time the amount charged to CITY exceeds funds available; the CITY can request a stoppage in service.

9. If at any time total charges to CITY exceeds **$110,000**; the CITY can request a stoppage in service.

10. To request a stoppage in service, CITY must provide COUNTY written notice 14 days in advance of requested termination to Cass County Vector Control at the following address:

    a. 1201 Main Ave West
       West Fargo, ND 58078

11. CITY agrees to fund contract costs for aerial spraying when CITY requests the services of an aerial applicator. COUNTY will coordinate the aerial spray operation upon the CITY's approval. Additional funds for an aerial application are available for use in COUNTY at the discretion and authorization of COUNTY.

12. COUNTY will fund all contract costs for aerial spraying in unincorporated areas and all other areas within the district when determined necessary.

13. COUNTY agrees to assume all liability and agrees to indemnify and defend the CITY from all direct and indirect, present and future claims or causes of action, which in any way result from the activities of the COUNTY in completion of the tasks stated herein or may result from the decisions, recommendations, actions, omissions of actions or other errors on the part of COUNTY, its employees or contractors and any party from which COUNTY may obtain information or services for the completion of the same. This assumption of liability and agreement to hold harmless is intended to cover any present or future activities undertaken by COUNTY in furtherance of this agreement.

14. CITY agrees to assume all liability and agrees to indemnify and defend the COUNTY from all direct and indirect, present and future claims or causes of action, which in any way result from the activities of the CITY in completion of the tasks stated herein or may result from the decisions, recommendations, actions, omissions of actions or other errors on the part of CITY, its employees or contractors and any part from which CITY may obtain information or services for the completion of the same. This assumption of liability and agreement to hold harmless is intended to cover any present or future activities undertaken by CITY in furtherance of this agreement.

Date

Please complete application as soon as possible and return to
Vector Disease Control International for processing and filing.

Expiration Date: *October 31, 2026*

FIRST AMENDMENT TO

CITY OF WEST FARGO – MOSQUITO SPRAYING AGREEMENT (2023–2025)

This First Amendment to the Mosquito Spraying Agreement ("Amendment") is entered into by and between City of West Fargo, North Dakota ("City") and Airborne Vector Control, LLC (the "Original Contractor").

RECITALS

WHEREAS, the parties entered into a Mosquito Spraying Agreement dated May 1, 2023, for a term commencing May 1, 2023 and terminating November 1, 2025 (the "Agreement"); and

WHEREAS, the parties desire to extend the Agreement under the same terms and conditions and provide for automatic renewal thereafter;

NOW, THEREFORE, the parties agree as follows:

SECTION I

ONE-YEAR EXTENSION

The Term of the Agreement is hereby extended for an additional one (1) year beyond its current expiration date. Accordingly, the Agreement shall now expire on November 1, 2026, unless terminated earlier pursuant to the terms of the Agreement.

All terms, conditions, pricing, insurance requirements, and obligations contained in the original Agreement shall remain unchanged and in full force and effect during the extension period.

SECTION II

AUTOMATIC RENEWAL

Beginning November 1, 2026, the Agreement shall automatically renew for successive one (1) year terms under the same terms and conditions unless either party provides written notice of termination to the other party at least thirty (30) days prior to the expiration of the then-current term.

SECTION III

CHANGE IN OWNERSHIP AND NAME

The parties acknowledge that subsequent to execution of the Agreement, ownership of Airborne Vector Control, LLC changed. The entity is now owned and operated by Vector Disease Control International ("VDCI"), located at 1320 Brookwood Drive, Suite H, Little Rock, AR 72202.

The contracting entity remains the same legal entity originally executing the Agreement, and no assignment has occurred. All obligations, rights, and responsibilities under the Agreement remain unchanged.

All references in the Agreement to "Airborne Vector Control, LLC" shall hereafter mean Vector Disease Control International.

SECTION IV

RATIFICATION

Except as expressly amended herein, all provisions of the original Agreement remain unchanged and are hereby ratified and confirmed.

IN WITNESS WHEREOF, the parties have executed this Amendment on the ____ day of _____, 2026.

CITY OF WEST FARGO - AIRBORNE VECTOR CONTROL, LLC.
MOSQUITO SPRAYING AGREEMENT
2023 – 2025

This Mosquito Spraying Agreement ("Agreement") is made between Airborne Vector Control, LLC., a Minnesota Limited Liability Company, of Halstad, MN ("Contractor"), and the City of West Fargo, North Dakota, a municipal corporation ("City"), who agree as follows:

RECITAL

The Contractor and the City hereby agree that Contractor will be retained by City for the purpose of aerial spraying of pesticides over West Fargo, North Dakota. In order to be retained by City, City requires the following from Contractor and its Pilot in Command:

- Minimum of 2,000 hours flight experience.
- Minimum of 50 hours night flight time with a twin-engine aircraft.
- Minimum of 200 hours flight time with a twin-engine aircraft;
- Minimum of 50 hours flight time for the make, model, and series that will be used to complete the spray mission for the City;
- Minimum of 100 hours flight time applying pesticides to a city;
- Minimum of 20 hours flight time applying pesticides to a city at night;
- Minimum of 100 takeoffs/landings at altitude typical of project area with loads similar to an average load.
- Minimum of 2 years' experience in aerial mosquito control.
- Twin engine aircraft with a spray system meeting all specifications in FAR137 and authorized by the FAA and which is based within one hundred (100) miles of the City.
- Spray system nozzles shall be equal to the rotary atomizer-Micronair, 30-micron droplet spectrum;
- Swath Guidance GPS equipment with downloading capabilities. Upon request from the City, Contractor must provide printed reports within 24 hours of application.
- Reloading equipment capable of thirty (30) minute turns; and,
- Licensed and permitted to conduct business as an aerial applicator in North Dakota by April 1, 2018.

Contractor declares it has sufficient personnel and equipment to satisfy the requirements of the above paragraph to effectively spray all areas of the City with chemical pesticides approved for residential spraying. Contractor has provided to the City a written emergency response action plan identifying action steps in the event of an accident or a chemical release/dump, which plan is in form and substance satisfactory to the City.

SECTION I.

City hereby engages Contractor as an independent contractor, and not as an employee, to conduct aerial spraying of pesticides of approximately 10,750 acres over the City when directed to do so by Cass County Vector Control (CCVC), and Contractor hereby accepts and agrees to such engagement. City acknowledges and agrees that CCVC will be responsible for the direction of Contractor's work under the terms of this Agreement.

SECTION II.

The term of this Agreement shall commence May 1, 2023 subject to Section III of Agreement and shall terminate November 1, 2025(the "Term"), subject, however, to prior termination as hereinafter provided.

SECTION III.

City shall pay Contractor, and Contractor shall accept from City, in full payment of Contractor's services hereunder, compensation at a rate as follows:

- $24,187.50 Retainer Fee paid on or before April 1st of 2023 and before April 1st on each renewal year thereafter.
- The quoted rate per acre (see Appendix A) is based on the use of the chemical Permethrin 30 + 30 applied at .007 lbs. per acre and mixed with mineral oil for a finished rate of 1 oz. per acre.
- If the City determines that a different application rate of Permethrin or a chemical other than Permethrin should be used, then the rate per acre shall be renegotiated and both the City and Contractor agree to negotiate in good faith.

- City shall pay Contractor a $500.00 Ferry Fee for each application and assessed to every release of the aircraft by the City.

The Retainer Fee will be subtracted from the billing cycles until 100% of the Retainer Fee has been assessed against Contractor by the City, therefore reducing the cost of the initial billings by $24,187.50 . If at the end of each spray season there remains any unused Retainer Fee, then the unused Retainer Fee shall be retained by and become the sole property of Contractor. Any unused Retainer Fee will not apply to future spray seasons.

SECTION IV.

Contractor shall provide all chemicals and shall be responsible for any and all licenses, permits, fees, and all other items required of aerial applicators of pesticides. The chemical usage rates will be determined by CCVC and shall be subject to Section III of this Agreement.

SECTION V.

All chemicals used by Contractor must be a chemical which has been previously approved by the Environmental Protection Agency, the North Dakota State Department of Health and the West Fargo Public Health Department prior to application. Further, all chemicals must be applied according to the manufacturers' label, terms and specifications.

SECTION VI.

Contractor shall comply with all applicable statutes, ordinances, rules, regulations, and orders of all public agencies and authorities relating to the aerial application of pesticides over residential areas.

SECTION VII.

No waiver or modification of this Agreement or of any covenant, condition or limitation herein contained shall be valid unless in writing and duly executed by the party to be charged therewith and no evidence of any proceeding, arbitration, or litigation between the parties hereto arising out of or affecting this Agreement, or the rights or obligations of the parties hereunder, unless such waiver or

modification is in writing, duly executed as aforesaid and the parties further agree that the provisions of this section may not be waived as herein set forth.

SECTION VIII.

Contractor will secure public liability insurance in the minimum amounts as follows:

- Non-Chemical:
  - $5,000,000 Public Liability (bodily injury and property damage) combined single limit.
- Chemical:
  - $500,000 each person bodily.
  - $500,000 each occurrence bodily; and,
  - $500,000 each occurrence property.
- Chemical coverage includes "all labeled products for mosquito control."
- Chemical coverage includes "cities and towns and residential areas"
- Coverage includes the City as a fully insured additional insured

Contractor shall pay the premium on such insurance policy, and the City shall be designated as a "named insured" on such policy. Contractor shall maintain such policy in force for all months in which it performs services for the City under the provisions of this Agreement.

SECTION IX.

Contractor agrees to indemnify the City from any and all liability, loss or damage the City may suffer as a result of claims, demands, costs, or judgments arising from or arising against it from Contractor’s negligence in services performed by the Contractor relative to this Agreement.

SECTION X.

Contractor agrees that, upon receiving written authorization from CCVC, aerial application of pesticides over the City shall be completed within a reasonable time from notification by CCVC, not to exceed seventy-two (72) hours, unless such performance is prevented by an act of God (such as high

winds, rain or cold temperature) or unforeseen circumstances beyond the control of the Contractor pertaining to the aerial application of the City or aerial application of other clients of Contractor. However, the City reserves the right to cancel or withdraw said notice in writing delivered by CCVC to Contractor prior to the scheduled application. No aerial spraying shall occur without prior written notification to Contractor by and with the approval of CCVC.

SECTION XI.

Contractor agrees that performance under this Agreement shall be completed in a satisfactory and workman-like manner, subject to prior review and approval by the City, and/or state, and/or federal agencies.

SECTION XII.

Contractor shall remain in contact with CCVC for purposes of exchanging information and receiving directives related to the performance of this Agreement. Such contacts should be made and initiated by the Contractor with the designated representatives of CCVC at the time and place agreed upon by the parties hereto.

SECTION XIII.

With respect to termination of this Agreement:

- In the event of any violation by Contractor of any of the terms of this Agreement, and after failure by Contractor to remedy such violation within fifteen (15) days after written notice of such violation by City, City thereon may terminate this Agreement with written notice to Contractor and with pay for services rendered only to the time of such termination.
- In the event Contractor is not paid by the City in full within thirty (30) days after the delivery of an invoice by Contractor to the City, then Contractor may terminate this Agreement without notice and shall not be further obligated to the City for further aerial spraying.
- If the City and Contractor cannot agree on a renegotiated rate based on the change of the chemical used for spraying, as discussed under Section III of this Agreement, then

Contractor may terminate this agreement with thirty (30) days written notice and shall not be further obligated to the City for further aerial spraying.

- In the event that the City terminates this Agreement prior to the end of the Term and there is no unremedied violation by Contractor, then City shall be obligated to pay the remaining unpaid Retainer Fees through the end of the existing Term of this Agreement payable as a lump sum within thirty (30) days of termination. In the event that the Contractor terminates this Agreement prior to the end of the Term, then City shall not be obligated to pay remaining unpaid Retainer Fees.

SECTION XIV.

Prior to the spraying season, CCVC and City will provide an updated map detailing the spray boundaries with the corresponding updates regarding acreage changes.

CCVC and City shall also assist in the application process for approval with the North Dakota Department of Health. City shall supply an FAA authorization application signed by the Mayor. City shall be responsible for providing this information before April 15th of each year of the contract period. There shall be a $100 processing fee after that date.

CCVC shall be responsible for making public announcements via radio, television and newspaper at least 48 hours in advance of each spray application. Contractor and CCVC shall edit the announcements in cooperation.

CCVC makes the "go, no go decision" for the release of aircraft. The ultimate decision to spray shall be that of Contractor and shall depend upon the weather conditions at the time of arrival. Should the weather conditions become unfavorable for spraying while the aircraft is en route or while spraying, then Contractor shall coordinate with CCVC the decision to postpone the application. The Ferry Fee shall be applied to City for the release of the aircraft. CCVC shall then be responsible for rescheduling the application and to make further public announcements. Contractor is not responsible for changes in weather or unforeseen mechanical difficulties that may hinder the application.

[SIGNATURE PAGE FOLLOWS]

IN WITNESS WHEREOF, the parties have executed this Agreement at West Fargo, North Dakota, on the 27th day of April, 2023.

APPROVED BY THE BOARD
OF CITY COMMISSIONERS
2/2/2026

January 29, 2026

Honorable Board of
City Commissioners
City of Fargo
225 4th St N
Fargo, ND 58102

Dear Commissioners,

As you have seen in the news, cyber incidents are commonplace in the government setting.

Of course, we plan to help are neighboring agencies, Cass County IT and West Fargo IT, if there is an incident.

Attached is a Mutual Aid Agreement that will serve as the foundation of enabling that help.

Suggested Motion:

Move to approve the Cyber Incident IT Mutual Aid Agreement.

Thank you,

R M Gronneberg

Ron Gronneberg
CIO

Cyber Incident IT Mutual Aid Agreement

Agreement between

County of Cass, North Dakota

And

City of Fargo

And

City of West Fargo

This Cyber Incident IT Mutual Aid Agreement ("Agreement") is entered into by and between the County of Cass, North Dakota, City of Fargo, North Dakota, and City of West Fargo, North Dakota.

Section 1. Purpose. This Agreement is made and entered into by and among the undersigned political subdivisions within the State of North Dakota ("Participating Entities") to provide mutual assistance in the form of information technology (IT) resources and support in the event of a cyber incident. This Agreement promotes regional preparedness, operational continuity, and cooperation in alignment with North Dakota Century Code (NDCC) § 54-40.3, which authorizes intergovernmental cooperation among political subdivisions for mutual advantage.

Section 2. Authority. This Agreement is executed under the authority granted by North Dakota law, specifically NDCC § 54-40.3 – Intergovernmental Cooperation, NDCC § 37-17.1 – North Dakota Emergency Management Law, and the local applicable home rule charters or ordinances permitting interlocal collaboration. The Participating Entities agree this Agreement is consistent with their respective enabling authorities.

Section 3. Definitions. When used in this Agreement, the following terms are defined as follows:

A. Cyber Incident: An actual or suspected event that compromises or threatens the confidentiality, integrity, or availability of information systems, data, or services.
B. Requesting Entity: A local government entity requesting assistance under this Agreement.
C. Responding Entity: A local government entity that provides assistance in response to a request under this Agreement.
D. IT Resources: Includes but is not limited to IT personnel, systems, digital forensics tools, communications platforms, and other cyber response capabilities.
E. Mutual Aid: Voluntary provision of assistance between Participating Entities for preparedness, response, or recovery from a cyber event.

Section 4. Activation and Request Process. A Requesting Entity may activate this Agreement when experiencing or anticipating a cyber incident. Requests may be made verbally (in urgent situations) or in writing. If orally, any such request must be followed up in writing within 72 hours. Requests should specify: (1) nature of the incident; (2) type of assistance required; (3) estimated duration of aid, and (4) point of contact.

Section 5. Type of Assistance. Assistance provided under this Agreement may include, but is not limited to:

A. Cybersecurity incident response;
B. Network recovery and infrastructure support;
C. Forensic investigation and evidence preservation;
D. Threat intelligence sharing;
E. Temporary staffing and operational support; or
F. Liaison assistance with third-party vendors or law enforcement.

Section 6. Cost and Reimbursement. Each Responding Entity shall, by default, bear its own costs unless otherwise agreed in writing. Reimbursement terms may be negotiated on a per-incident basis and may cover: Personnel costs (wages, overtime, travel); equipment usage or repairs, and contractor services. If reimbursement is sought, the Requesting Entity must confirm in writing its acceptance of the costs before resources are deployed.

Section 7. Indemnification and Liability. Each Participating Entity is responsible for the acts or omissions of its own officers, employees, or agents and agrees to hold harmless other entities to the extent allowed by law. No provision of this Agreement shall be interpreted as a waiver of the statutory limitations on liability provided by NDCC Chapter 32-12.1 or any other applicable immunity or limitation. This Agreement does not create any employment relationship, joint venture, or partnership between Participating Entities.

Section 8. Insurance. Each Participating Entity shall maintain appropriate insurance coverage or self-insurance through public risk pools (e.g., NDIRF) to cover general liability, cyber liability, and workers' compensation. Failure to maintain insurance does not relieve a party of its responsibilities under this Agreement.

Section 9. Confidentiality and Public Records. All information shared under this Agreement in response to a cyber incident is considered sensitive and shall be kept confidential to the extent permitted under North Dakota law, including NDCC § 44-04-18 (open records and exceptions) and any applicable exemptions for security planning or law enforcement investigations. Participating Entities agree not to disclose confidential or privileged data except as required by law or with written permission.

Section 10. Command and Control. The Requesting Entity retains operational authority and oversight of its systems during a cyber incident. The Responding Entity provides assistance under the direction of the Requesting Entity's designated lead or incident commander.

Section 11. Duration and Termination. This Agreement shall take effect upon execution by two or more entities and shall remain in effect until terminated. Any Participating Entity may withdraw from the Agreement by providing 30 days' written notice. Termination shall not relieve any party of obligations already incurred.

Section 12. Dispute Resolution. Participating Entities agree to attempt informal resolution of disputes arising from this Agreement. If unresolved, the matter may be submitted to a neutral third party or mediator acceptable to all involved parties. If after mediation, the Participating Entities are unable to reach a resolution, they have all rights available to them under law.

Section 13. Governing Law and Venue. This Agreement shall be governed by the laws of the State of North Dakota. Any legal action related to this Agreement shall be brought in Cass County District Court.

Section 14. Amendments. This Agreement may be amended at any time with the written consent of the Participating Entities. Amendments shall be distributed to all signatories.

Section 15. Authority to Contract. Each Participating Entity affirms that it has the legal authority to enter into this Agreement and bind its organization accordingly.

In witness whereof, this Agreement has been executed and approved and is effective and operative as to each of the parties as herein provided.

OFFICE OF THE FIRE CHIEF

To: West Fargo City Commission
From: Fire Chief Dan Fuller
Date: 4/20/2026
Subject: 2026 Annual Report

Our team at the City of West Fargo Fire Department is pleased to submit the 2025 Annual Report. This report highlights our commitment to managing community risk, protecting life and property, and maintaining fiscal responsibility.

Key 2025 Performance Highlights:

- **Increased Service Demand**: responded to 3,039 calls for service in 2025, a 10.1% increase over the previous year.
- **Economic Impact**: The department achieved a return on investment (ROI) of $11.37-to-$1. For every tax dollar allocated, $11.37 was returned to the community through property and lives saved, resulting in a total economic impact of $85 million.
- **Operational Excellence**: earned Accredited Agency Status from the Center for Public Safety Excellence, a designation held by a small fraction of fire departments worldwide.
- **Fire Containment**: Crews kept 94% of building fires to the room of origin or smaller, significantly limiting community loss.
- **Training Rigor**: Personnel completed over 15,000 training hours to ensure peak readiness for any emergency scenario.

The full report is available for review, providing transparent data on our incident statistics, training achievements, and community risk reduction efforts.

23 THANK YOU

MESSAGE FROM THE CHIEF

To the residents and stakeholders of our community,

As your Fire Chief, it is my privilege to present our 2025 Annual Report. This document is more than just a collection of statistics; it is a testament to the dedication of the men and women who serve this department and a transparent look at how we protect the lives and property of those we serve.

Growth and Demand
Our community continues to evolve, and with that growth comes increased responsibility. This past year, our department responded to 3,039 calls for service. Whether it was a medical emergency, a structure fire, or a citizen in need, our crews remained steadfast in their commitment to provide rapid, professional assistance every time the bell rang.

Excellence through Accreditation
We strive for more than just "good enough." I am proud to announce that we have been awarded Accredited Agency Status from the Center for Public Safety Excellence. This prestigious designation is held by only a small fraction of departments worldwide. It signifies that we meet the highest possible standards in the fire service and are committed to a process of continuous self-improvement.

Prepared for the Call
Skill is built through repetition and dedication. To ensure we are ready for any scenario, our personnel completed over 15,000 training hours this year. From high-angle rescue drills to advanced life support simulations, this rigorous training ensures that when you see us on your worst day, you are getting the most prepared team possible.

Stewardship of Your Investment
We recognize that we are funded by your tax dollars, and we take that responsibility seriously. This year, we conducted an analysis of our financial impact on the community. We are proud to report an 11.37-to-1 Return on Investment. This means for every dollar in our budget, we return $11.37 to the community in lives and property saved. We don't just cost the community; we protect its very foundation and are here when you need us.

Thank you for your continued support. We are honored to be your fire department.

Dan Fuller
Chief,
West Fargo Fire Department

MISSION AND VALUES

The mission of the West Fargo Fire Department is to manage community risk, improve quality of life, and protect lives and property from fires, natural disasters, medical emergencies, and hazardous material incidents within the City of West Fargo.

COMMITMENT

Commitment is the focusing of efforts, the dedication of service, towards an objective or ideal. For the department, it means commitment to the people we serve in the community and to each other.

INTEGRITY

Doing what is morally and ethically right, always, even when no one is looking. The public holds a great deal of trust in this department. They depend on the department to be having its best day when the public is having their worst.

COMMUNITY SERVICE

The focus of the department is to serve the community. We, as a department, make the pledge to respond when a member or visitor of our great city is in trouble, no matter what.

PROFESSIONALISM

In maintaining a high level of professionalism, the department is able to provide an excellent service to the community in the safest manner possible while maintaining fiscal stewardship of the taxpayer's resources.

ECONOMIC IMPACT

The West Fargo Fire Department is proud to announce a positive Return on Investment, achieving a ratio of $11.37-to-$1. This figure illustrates that for every dollar allocated within the department's budget, there is a substantial return of $11.37 to the community.

This return is achieved through the commitment to safeguarding lives and protecting property. By efficiently utilizing resources and implementing effective strategies, the community continues to significantly benefit from the department's initiatives.

This achievement not only reflects our commitment to maximizing the value of every dollar spent but also underscores the positive impact the department's personnel has on enhancing safety and security for all.

COMMUNITY IMPACT

The West Fargo Fire Department continues to see an increase in calls for service, demonstrating the community's growing need for the department's services. From 2024 - 2025, the department saw a 10.1% increase in calls for service. This trend highlights West Fargo's growth and the fire department's crucial role in public safety. As the City of West Fargo evolves, so must the department's strategies to remain a pillar of safety in the community.

FIRE LOSS

COMMUNITY IMPACT

The 90th percentile represents what the crews at the fire department can achieve on average.

Despite being quicker at times, the 90th percentile represents what can be achieved 9 out of 10 times, even when faced with an increased number of calls for service.

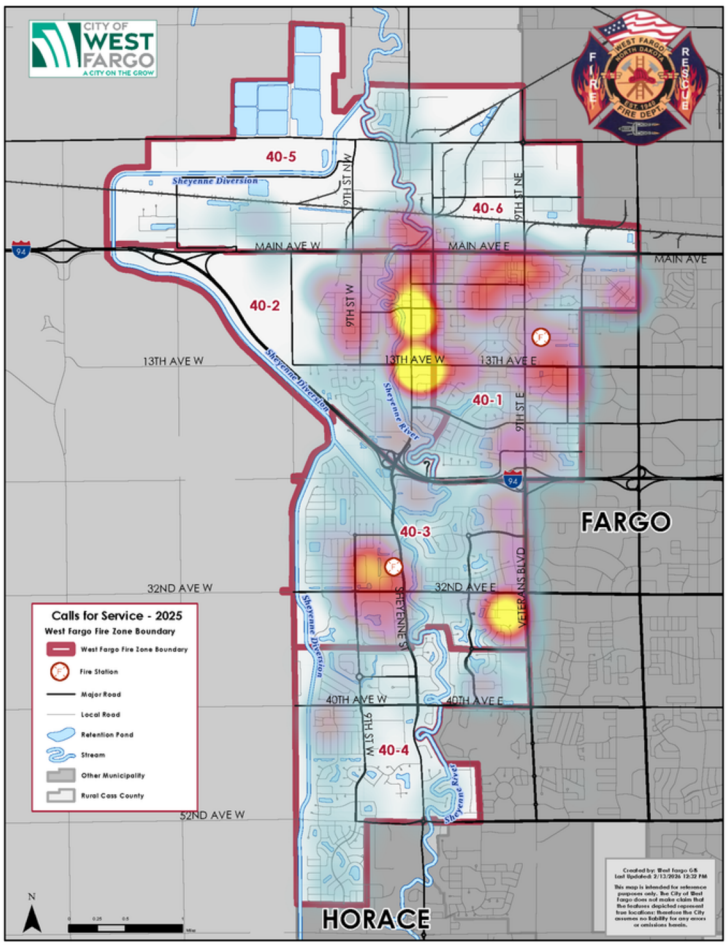

COMMUNITY IMPACT

In 2025, 18 fires with loss were reported in the City of West Fargo. Of those fires, 14 were building fires, which are considered the most dangerous to the community.

The department saved $55,181,150, with a 0.63% fire loss throughout the year. This amounts to $346,820 in fire loss throughout the year.

94% of building fires were kept to the room of origin or smaller.

1,583
CODE ENFORCEMENT INSPECTIONS

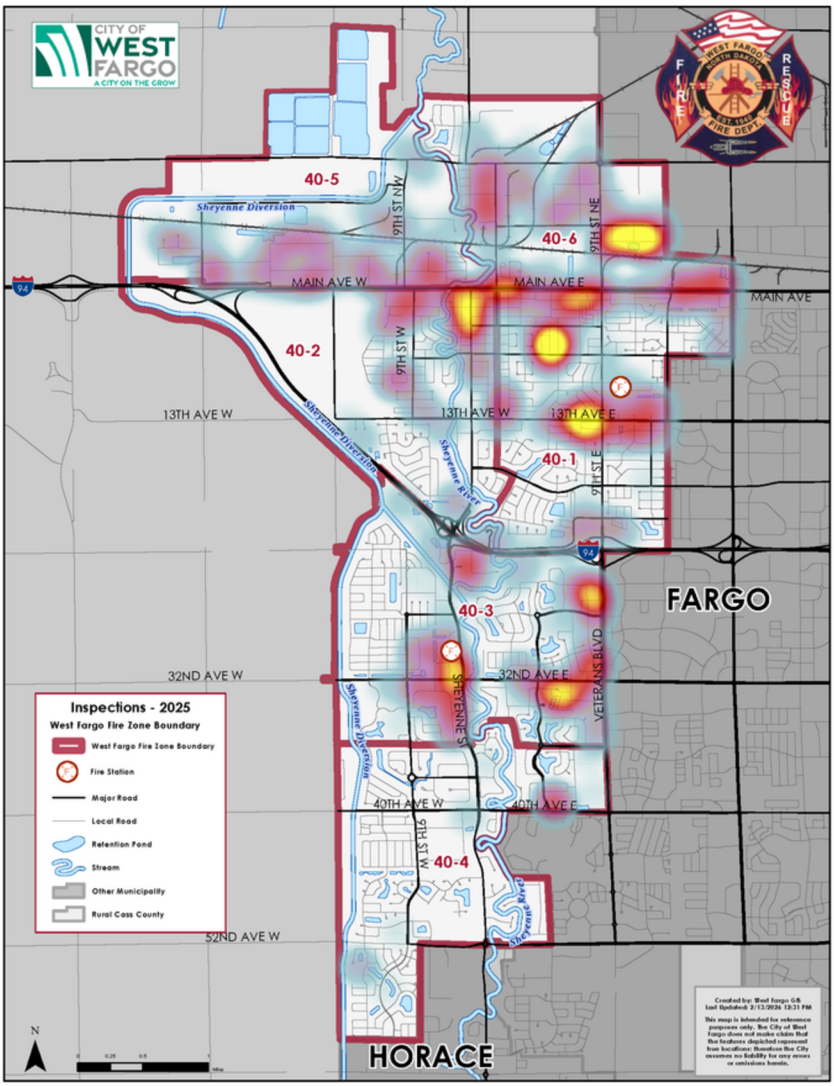

102
DAYCARE INSPECTIONS

COMMUNITY RISK REDUCTION

The department utilizes a paperless inspection system, which reduces cost while tracking data and improving accuracy.

For occupancies with a fire suppression system, a third-party compliance engine tracks the records and inspections. This increases the department's overall rates of compliance with annual inspections.

COMMUNITY RISK REDUCTION

The Community Risk Reduction division is responsible for reviewing new building plans for fire safety systems, conducting compliance inspections on current commercial, industrial and public assemblies, fire investigations and fire safety education.

Community risk reduction focuses on three core areas:

- enforcement
- engineering
- education

The Community Risk Reduction division works to address the evolving needs of the West Fargo community including trainings on carbon monoxide detectors, addressing vulnerable adult populations, the Adopt-a-Hydrant program and distributing safety messaging through social media, local media and the website.

10 SMOKE DETECTOR INSTALL EVENTS

26 FIRE STATION TOURS

19 COMMUNITY EVENTS

EDUCATION AND COMMUNITY TRAININGS

The West Fargo Fire Department participates in many events throughout the city. These events include trainings conducted at businesses, senior living centers, schools, health care facilities, and career fairs.

The Community Risk Reduction Officers are also a part of events, including:

- Citizens Fire Academy
- Taste of West Fargo
- Cruise Night
- West Fargo Street Fair
- Battle of the Badges Blood Drive
- Fire Extinguisher Trainings
- West Fargo Park District Senior Luncheon
- Cardiac Ready Community Programming
- Car Seat Checks
- West Fargo Park District Youth Safety Programming

COMMUNITY HEALTH ALLIANCE

The West Fargo Community Health Alliance (CHA) aims to connect residents with the right solution at the right time to support their immediate medical needs. The work of the Alliance better utilizes community resources to provide superior health outcomes for residents, their families, and the providers supporting the community.

The Alliance was founded by the St. Louis Park Fire Department to provide an innovative way to serve senior residents while decreasing the number of 911 calls and addressing the needs of patients with chronic health issues often related to age, disability, and mobility.

The work of the Alliance is not tied to one specific health system, provider, or insurer to give patients the autonomy to choose their care team. The West Fargo Fire Department launched the first Community Health Alliance in the state of North Dakota.

224
PATIENT ASSESSMENTS

K-9 TEAM

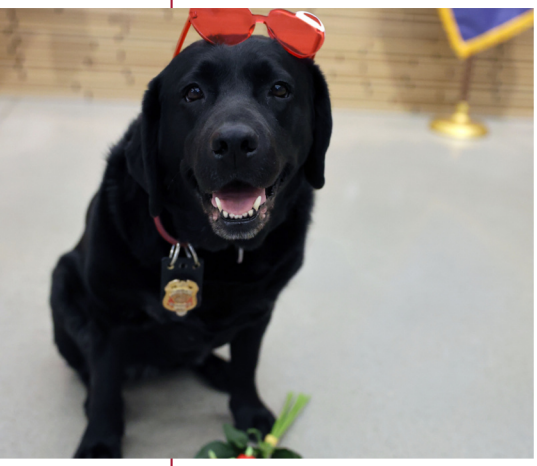

K9 Mika and K9 Handler John Neeb became the first K9 arson team in the region in 2020. Mika and Neeb cover parts of western Minnesota and the eastern half of North Dakota.

Neeb and Mika are required to go to approximately 50 fire scenes to recertify each year, in addition to a recertification test.

Mika is also utilized for community outreach by visiting schools and attending special events.

37

TOTAL K9 DEPLOYMENTS

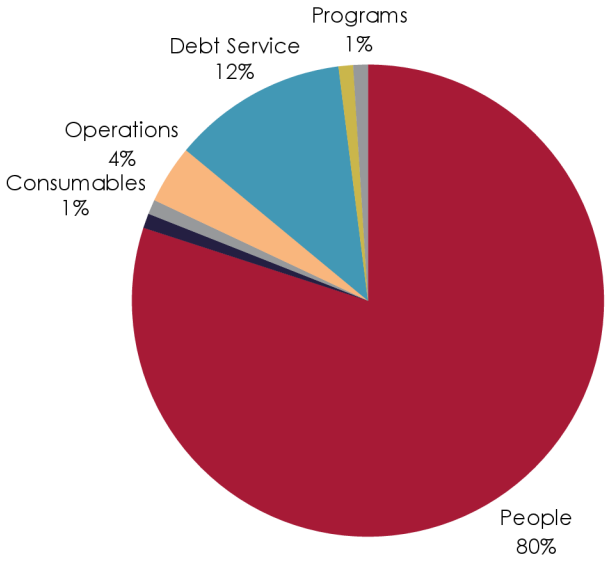

FINANCIAL TRANSPARENCY

The total budget for the fiscal year stands at $7,785,674, reflecting the department's commitment to both operational efficiency and community service. The total per-resident cost for the year was $0.50 per day, highlighting the department's continued dedication to providing value throughout the community.

Looking ahead, preparation is underway for the upcoming costs for planning of Station 3, which will enhance infrastructure and service delivery throughout the City of West Fargo.

Total budget: $7,785,674

- 80% people
- 1% consumables
- 1% utilities
- 4% operations
- 12% debt service
- 1% technology
- 1% programs

A YEAR OF PROGRESS

On August 5, 2025, the West Fargo Fire Department was awarded an Accredited Agency status from the Commission on Fire Accreditation International. This achievement demonstrates the department's collective commitment to the community and the entire City of West Fargo.

Commission on Fire Accreditation International Accredited Status is awarded after a process of agency self-assessment spanning over five years and verified through an international peer review from assessors around the world. The award is given to the selected team for providing services to the best of their abilities in accordance with established laws and standards.

The accreditation process involves several key components, including completion of the Self-Assessment Manual, which comprises 250 individual performance indicators across 11 different categories that cover all aspects of a modern fire department. The process also included an updated Strategic Plan and a four-day in-person Peer Team Assessment to validate all information provided by the department.

VALUE OF ACCREDITATION:

- Encourages quality improvement
- Identifies areas of strength and weakness
- Provides for greater data-driven decision-making
- Allows for the establishment of a plan for improvement
- Ensures the department has a defined mission and related objectives

A YEAR OF PROGRESS

CITIZEN SAVE STORIES - COMMUNITY HEALTH ALLIANCE

REPEAT 911 CALLS FOR MENTAL HEALTH AND SAFETY ASSISTANCE

Parents of a child with autism frequently called 911 for assistance to ensure their family's safety and well-being, as the situation had surpassed what could be managed at home. The West Fargo Fire Department (WFFD) referred them to the Community Health Alliance (CHA) Program, which connected them with County Human Services. This collaboration successfully facilitated an out-of-home placement for the child.

A care coordinator worked closely with the family and interdisciplinary team, participating in care conferences to develop a safe and suitable treatment plan. The parents expressed deep gratitude, highlighting the CHA Program referral as crucial in securing resources for their child's ongoing care and well-being.

"We would like to extend our sincere thanks to the WFFD for the support provided during one of the most difficult times in our lives. We felt overwhelmed and believed calling 911 was our only option. This program has had a meaningful impact on both our lives and our son's life, and we hope others are able to access the same support. We are truly grateful."

COMMUNITY HEALTH ALLIANCE PARTNER TESTIMONIAL

Since April 2024, Cass County Veteran Services have been a part of this wonderful program of collaboration, which has been most impactful to our veterans and their families, including widows. A referral will come into my office, and we follow up to ensure that the veteran either has benefits, healthcare or to assist the widow with pension or a program called DIC.

These programs are very valuable to the veteran who struggles with falls, housekeeping or financial impacts. The ball starts rolling with an email and the rest is handled through the other area providers, including Cass County Veteran Services, to make sure that the veteran or family member is going to be taken care of. I learned a long time ago while I was serving in the Army that you never leave a battle body behind and this network and connection ensure that daily. From VA healthcare to claims, we engage with the veteran to make sure that they will get all the benefits they're entitled to and can hopefully live a more balanced life.

It's the little things that impact our veterans the most and we will continue to work together in the future.

Thanks, VSO Christopher J Deery

A YEAR OF PROGRESS

CITIZEN SAVE STORIES - COMMUNITY HEALTH ALLIANCE

REPEAT 911 CALLS FOR FALLS - THREE CALLS IN TWO DAYS

The patient contacted 911 twice in 24 hours due to falls, but declined transport each time. After another fall the next day, she initially refused but agreed to hospital transport after discussing the Community Health Alliance Program with responders. She consented to notify her son and care team.

The West Fargo Fire Department referred her case to a hospital social worker to create a safe discharge plan. The patient's son, unaware of previous 911 calls, discovered she had been using a faulty medication pump. Testing confirmed the pump's defect.

The hospital ordered further tests and imaging, leading to a new care plan that included discharge to a rehabilitation facility. The son was listed as the primary emergency contact on her Pear Suite record and requested notifications for future 911 calls. While the patient was in rehabilitation, he arranged for in-home safety enhancements, including camera installation, and ensured proper medication pump management by a home care case manager.

"Please thank the WFFD for assisting my mother. I was unaware she had been experiencing falls at home, as she was concerned about losing her independence. This program has helped bring our family closer together and allows us to better support her in remaining safely at home. We truly appreciate the coordination involved in her care and recovery. I believe the outcome could have been far worse without this program." — M.H.

THANK YOU

Thank you for taking the time to review our 2025 highlights.

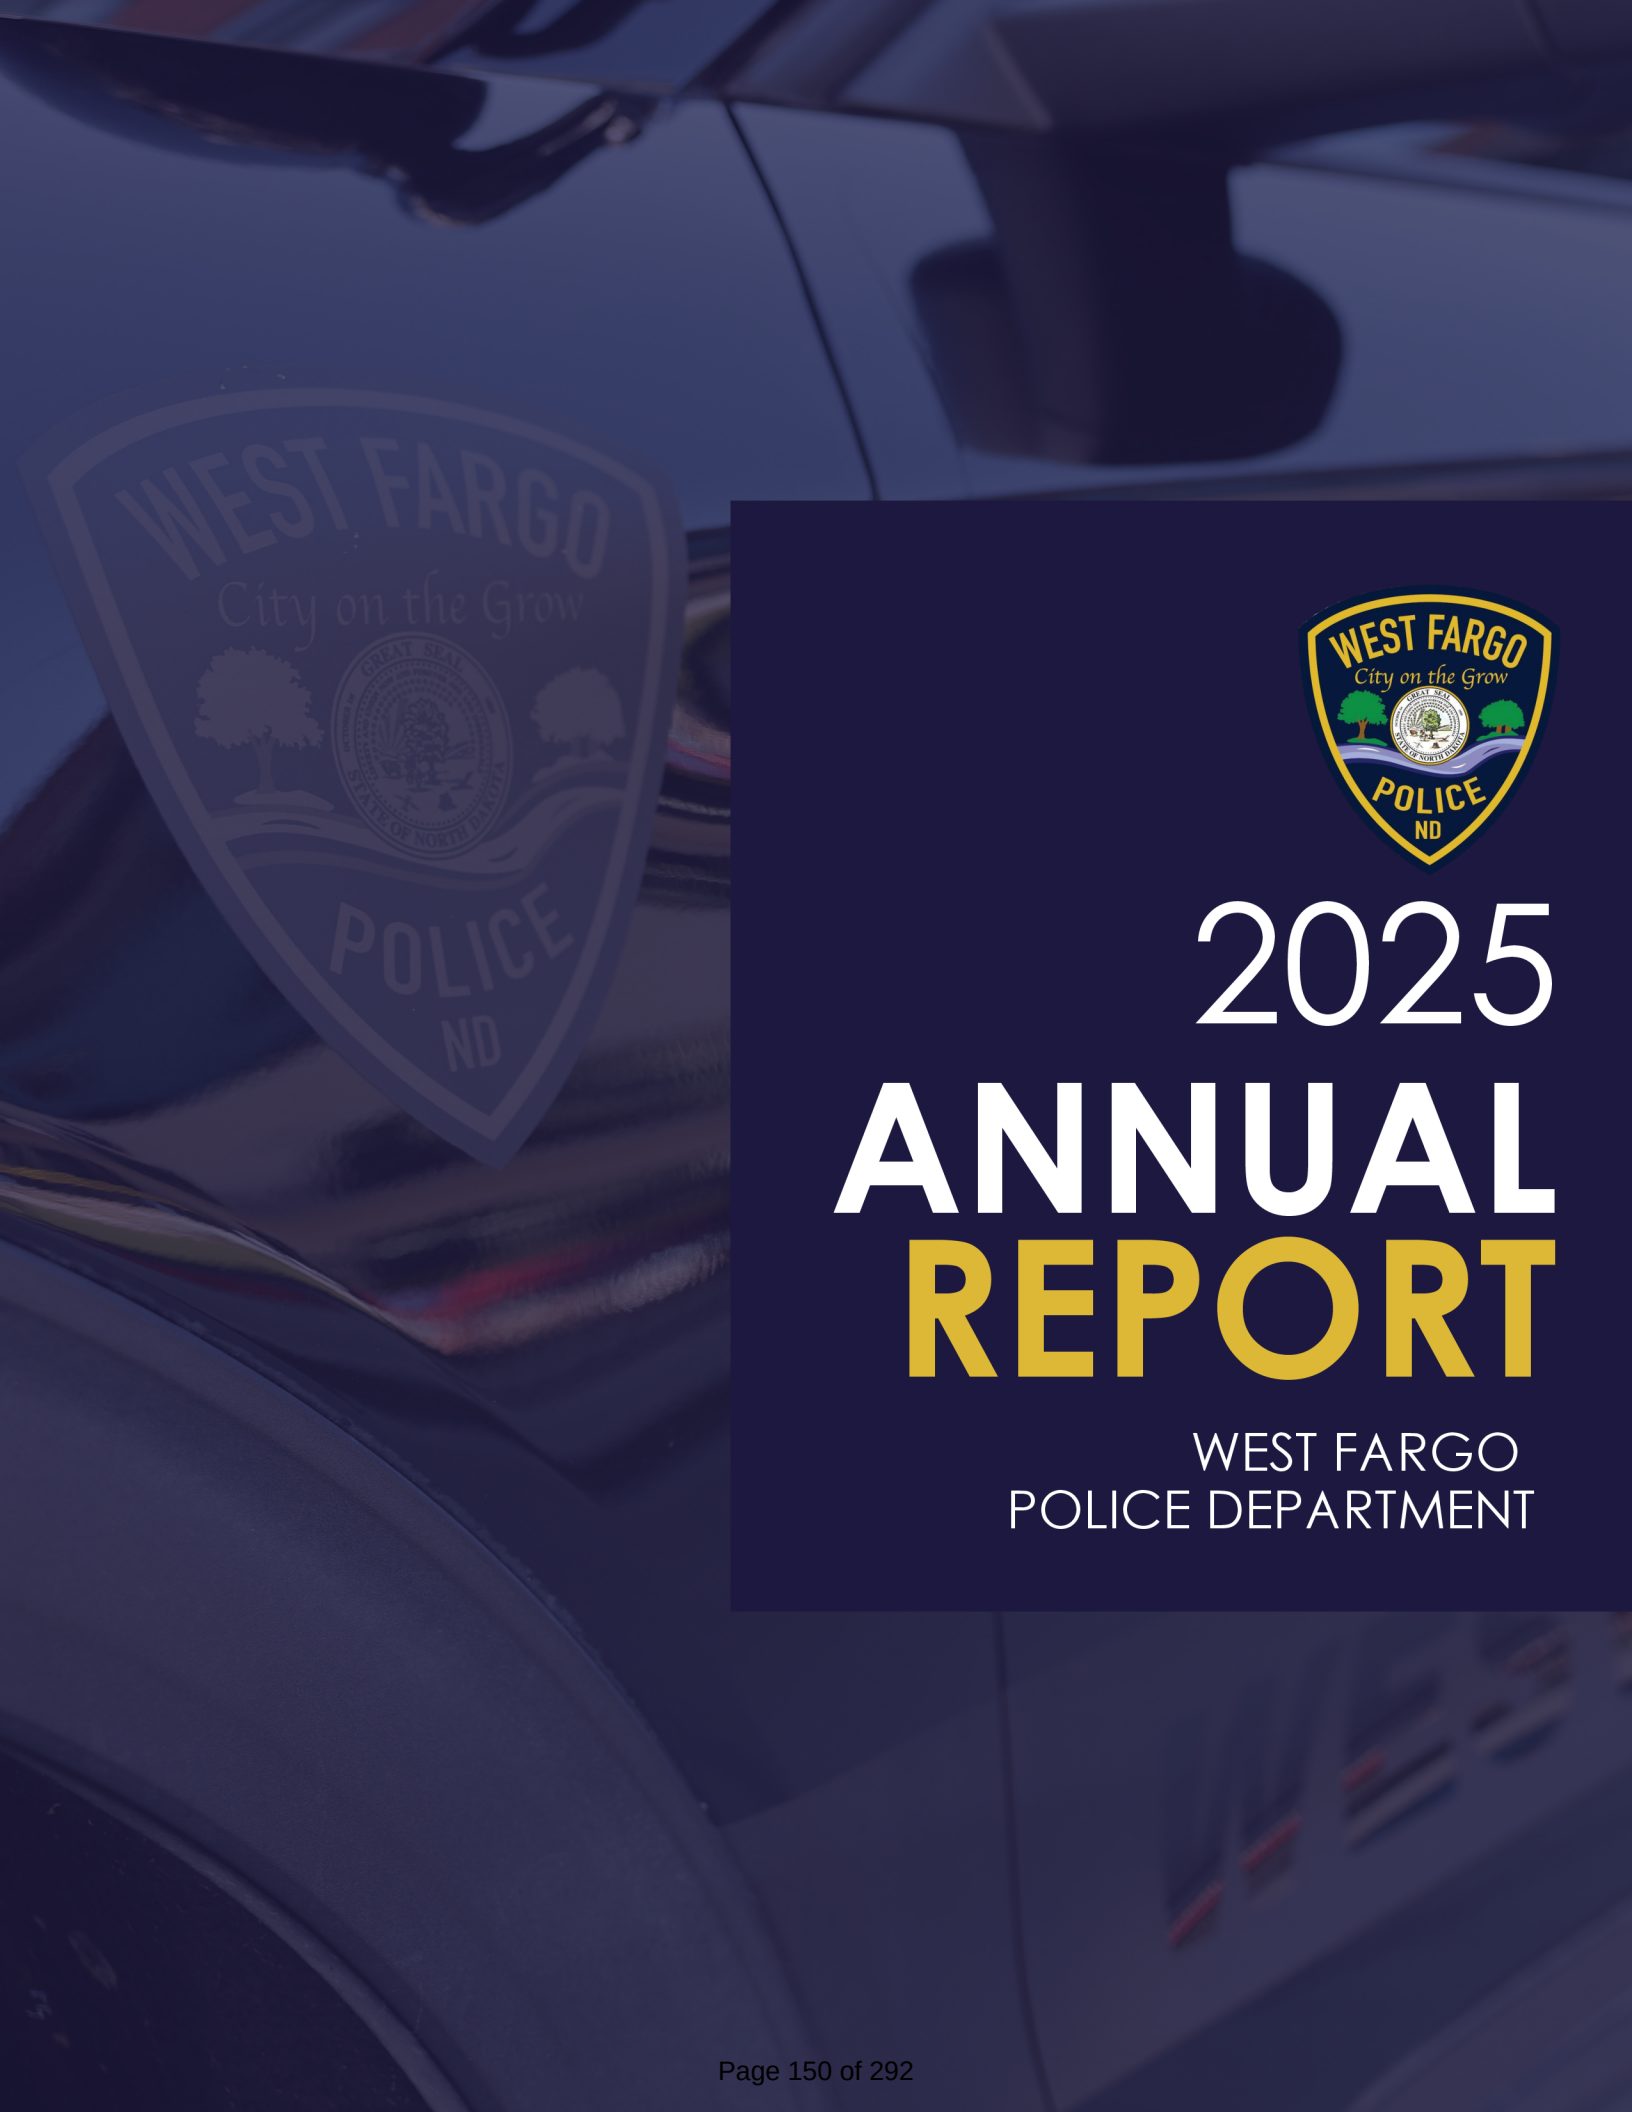

We look forward to many great years serving the West Fargo community.

CHIEF'S INTRODUCTION

COMMISSION PRESIDENT DARDIS,

I am proud to present the West Fargo Police Department's 2025 Annual Report. The City of West Fargo continues to thrive with ongoing residential and commercial development. Despite this growth, our department saw only a 1.5% increase in the overall crime rate for the year. Our commitment to public safety is evident in the 32,911 calls for service officers responded to this past year, reflecting the community's ongoing need for law enforcement services.

Our department prides itself on fostering strong relationships with the community through innovative partnerships and proactive policing programs. Our evolving Community Outreach Programs and Services (COPS) Unit plays a crucial role in these efforts, showing our commitment to community engagement.

In 2025, the department consisted of 83 dedicated officers, 15 civilian staff members and four part-time Community Service Officers. This team of committed leaders shares a unified goal: to protect and serve our community with honor, integrity and courage.

As we look ahead to 2026, the West Fargo Police Department will continue serving our community with pride and professionalism. This annual report highlights the hard work and achievements we have accomplished in collaboration with our community over the past year.

Our entire department remains committed to ensuring that West Fargo continues to be the best and safest place to call home.

PETE NIELSEN,
CHIEF OF POLICE

CORE VALUES

INTEGRITY

Upholding the greatest moral principles and behavior standards while treating everyone we serve fairly and equally.

SERVICE

The desire to contribute to the welfare of others by responding appropriately to the needs and demands of the community.

COURAGE

Maintain the strength of mind, body, and spirit to encounter and withstand danger, fear, or difficulty with fairness and surety of purpose.

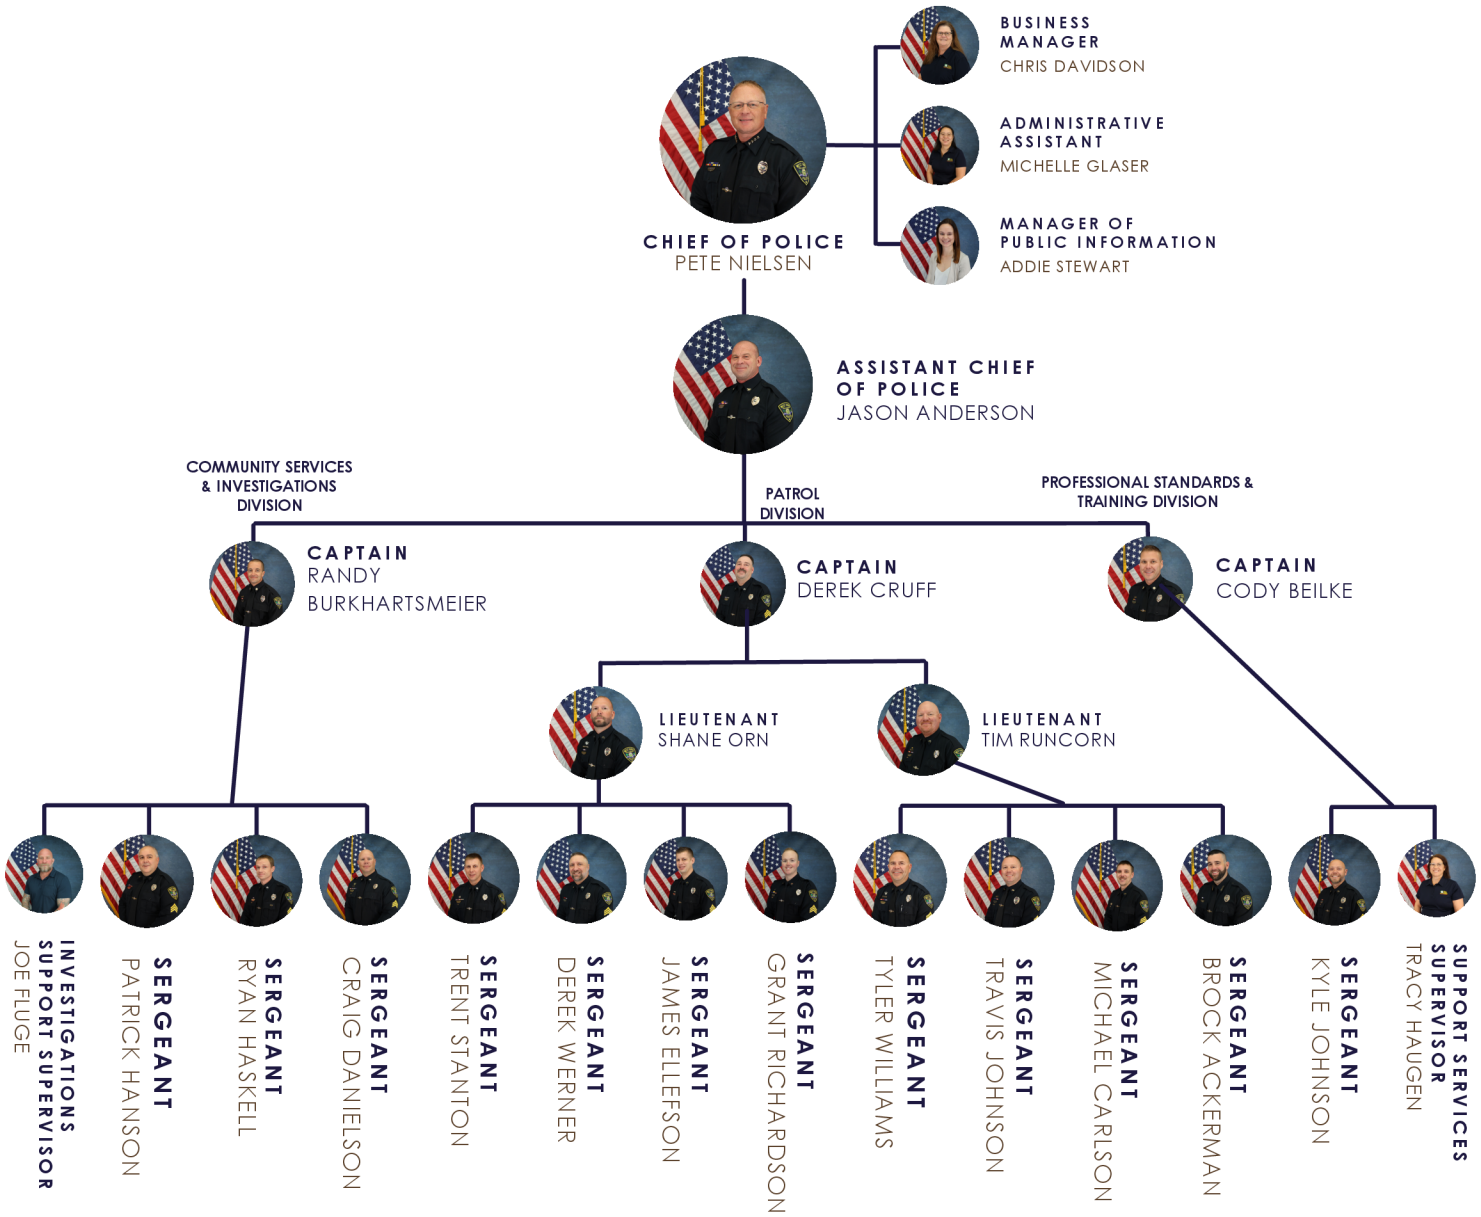

MISSION

The West Fargo Police Department has the responsibility to protect life and safeguard property in a highly effective and efficient manner and to engage the community in a collaborative crime prevention program.

VISION

The West Fargo Police Department strives to be a highly trusted public service agency that all levels of the criminal justice system may use as a standard of law enforcement performance as a result of having developed and maintained a strong core of visionary leaders and exceptionally trained and motivated personnel.

DEPARTMENT
VOLUNTEERS AND CADETS

VOLUNTEERS

Our volunteers assist with tasks ranging from vehicle maintenance to transporting paperwork to the Cass County State's Attorney's Office.

The department is fortunate to have nationally recognized Chaplains serving the team. The Police Chaplains assist the residents of West Fargo and West Fargo Police Department Officers during traumatic events.

The department also has numerous volunteers who assist with the Cadets program by arranging meetings, taking photos and more.

PUBLIC SAFETY CADETS

The West Fargo Police Public Safety Cadets is a career exploration program for high school and early college students. The program's primary goal is to help young adults decide if a career in law enforcement is of interest and to challenge Cadets to be responsible citizens in the community and the nation.

The department often sees Cadets who have excelled in the program progress to become Community Service Officers and sometimes sworn Officers with the West Fargo Police Department.

NOTABLE PURCHASE: POLARIS ATV

The City of West Fargo has been growing rapidly over the past five years, increasing demands on the department.

Why an ATV?

- Enhanced Mobility: ATVs can easily navigate crowded events
- Efficient Response: An ATV can transport up to six officers, ensuring quick and safe responses without needing a full squad car
- Versatile Access: ATVs reach places standard vehicles can't, improving patrol coverage and efficiency in areas like Cruise Night and diversion terrains.

*This ATV was purchased for approximately $55,000 using asset forfeiture funds.

BOMB & SWAT TEAMS

RED RIVER VALLEY REGIONAL BOMB SQUAD

The Red River Regional Bomb Squad is a multi-jurisdictional team that assists local law enforcement agencies in the education, location and disposal of all energetic materials. The Bomb Squad is often utilized with the tactical unit and negotiations unit on large-scale events with potential for dangerous materials or explosives. The Bomb Squad uses different types of technology to assist other units including bomb robots, which are capable of sending real-time video and audio.

In 2025, the Bomb Squad was called out 42 times.

The West Fargo Police Department has three officers serving on the Red River Regional Bomb Squad.

RED RIVER VALLEY SWAT TEAM

The Red River Valley SWAT Team is comprised of members from all local metropolitan agencies. The department has five officers on the team, including a team leader.

In 2025, the Red River Valley SWAT Team was deployed 31 times for various high-risk search warrants, barricaded subject calls, and other high-profile security details. The 31 deployments included fugitive apprehension, security details, search warrants and barricaded subjects.

The team trains monthly for high-risk operations such as warrants, hostage rescue, barricaded subjects and active shooter incidents.

NEGOTIATIONS
UNIT

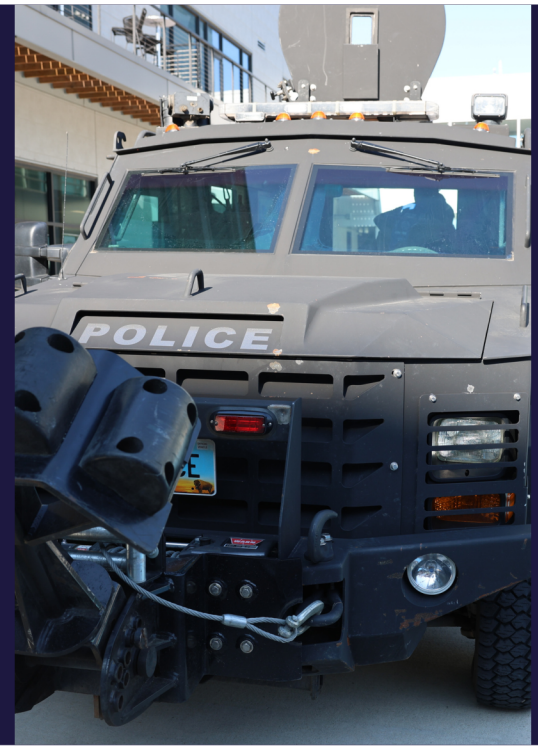

Collaborating with the Tactical Unit, the Negotiations Unit works to ensure the safe resolution of high-risk and critical incidents. Made up of 12 team members from various metro law enforcement agencies, the Red River Valley SWAT Negotiations Unit undergoes monthly team training focused on active listening, communication skills, and communication technology. The West Fargo Police Department has two officers serving on the Negotiations Unit.

In addition to regular team training, the negotiators actively participate in regional and national events to stay updated on best practices and maintain proficiency with the latest communication technology.

Throughout the year, the Negotiations Unit is deployed to assist with any Red River Regional SWAT team tactical call for service to provide support during high-risk and critical incidents. In 2025, the Negotiations Unit was called out 24 times.

The Negotiations Unit also participates in various community engagement events in the metro area and conducts presentations for community members, shedding light on the roles and responsibilities of the Unit.

The dedicated efforts of the Negotiations Unit underscore their commitment to public safety and effective crisis resolution.

PATROL DIVISION

32,911
CALLS FOR SERVICE

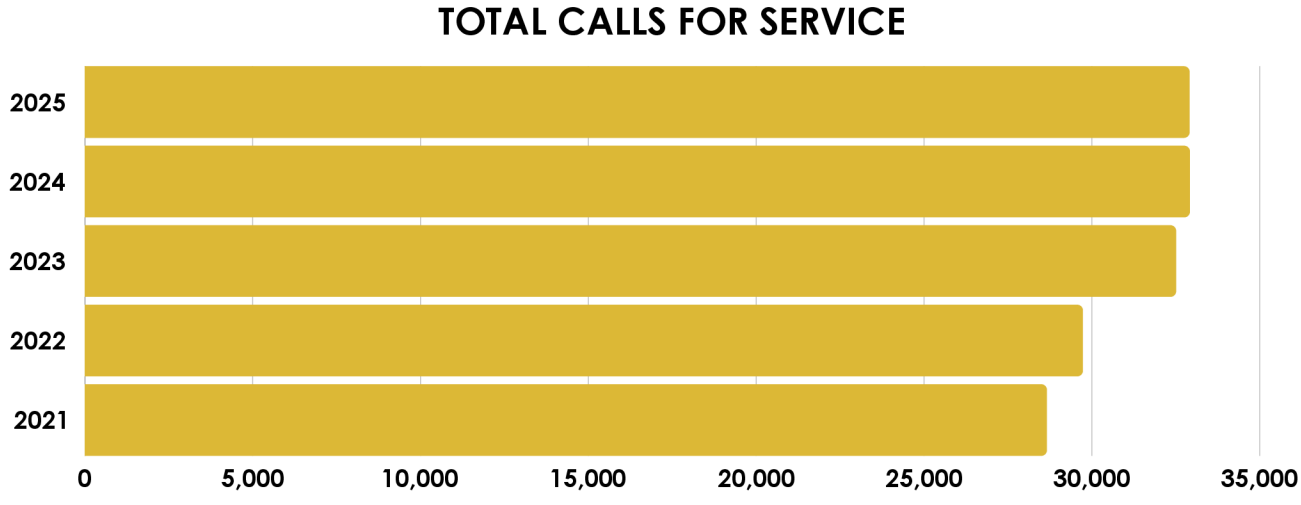

TOTAL MILES DRIVEN: 726,416

The Patrol Division is composed of a Patrol Captain, two Lieutenants, eight Patrol Sergeants, 40 Patrol Officers, a Traffic Enforcement Officer, and multiple part-time Community Service Officers.

Officers in the Patrol Division respond to both major and minor crimes and assist on medical calls, handling everything from providing directions to managing serious incidents involving injury or death.

Beyond basic duties, officers serve in various specialized roles, including alcohol compliance checks, Bike Patrol, Bomb Squad, defense tactics, Drug Recognition Experts, Peer Support, the Community Service Officer Program, Police Cadet mentors, Field Training Officers, Honor Guard, internet safety, Negotiations Unit, SWAT, and the K-9 Unit.

COMMUNITY SERVICE OFFICERS

The Community Service Officer (CSO) program offers several part-time positions. It provides criminal justice students with foundational law enforcement experience, aiming to recruit and retain quality candidates for the West Fargo Police Department.

The CSOs respond to calls for service, such as vehicle unlocks, animal calls, code enforcement, and parking complaints. The CSOs also work directly with the Fleet Manager for vehicle maintenance and deliveries to other government agencies.

TOTAL CSO CALLS FOR SERVICE: 2,380

DEPARTMENT
PROGRAMS

LAKE REGION STATE COLLEGE

The West Fargo Police Department, in partnership with Lake Region State College, hosted the fourth annual Peace Officer Academy. This program trains individuals to become licensed peace officers in North Dakota, with nearly all graduates finding employment in the state.

The 14-week program includes daily physical fitness and classroom sessions covering topics like crime scene processing and North Dakota criminal law. Lake Region State College is the only institution in the state authorized to provide the North Dakota POST basic curriculum. The department aims to recruit and retain qualified individuals for local and regional positions. Special thanks to officers from the West Fargo Police Department and Cass County Sheriff's Office for their instructional support.

PROFESSIONAL STANDARDS

DIVISION

977
FINGERPRINTS RECORDED

The Professional Standards Division includes a Captain, Training Sergeant, Training Officer and a number of civilian employees who perform essential tasks for the department.

OFFICE SUPERVISOR

The Office Supervisor is responsible for approving task guidelines, schedules, staff reviews and the supervision and training of Support Specialists. The Office Supervisor serves as the National Crime Information Center (NCIC) validation officer who is responsible for verifying the accuracy of police records in NCIC.

SUPPORT SPECIALISTS

The Support Specialists conduct criminal background checks, route reports to agencies, and handle open records requests, ensuring compliance with North Dakota Open Records Law. They transcribe digital reports and interviews, and manage correspondence, proofreading, editing, filing, and data entry.

TRAINING & SPECIAL PROGRAMS

TRAINING

Sworn staff received 6,652 hours of continuing education and Police Officers Standards and Training (POST) accredited training.

Every three years, officers are required to complete 60 hours of continuing education training to maintain their license. A variety of training organizations were brought to the West Fargo Police Department to cover topics such as drug interdiction, police K-9, legislative review, SRO basics, FTO training and interview techniques.

TOTAL TRAINING HOURS: 6,652

CRIME FREE MULTI-HOUSING

The West Fargo Crime Free Multi-Housing Program offers training for West Fargo rental property management and staff. After training, the Crime Free Multi-Housing coordinator notifies the trained management when tenants or visitors commit certain offenses on the property. The department also assists the rental property management with background checks.

RENTAL PROPERTY CALLS FOR SERVICE: 4,059

SEX OFFENDER COMPLIANCE TEAM

The West Fargo Police Department Sex Offender Compliance Team was created in 2021. The team monitors offenders living and/or working in West Fargo, as well as identifies unregistered offenders and completes investigations for crimes, including Failure to Register as a Sex Offender.

The team consists of one Investigations Captain, one Patrol Sergeant, three Patrol Officers, and one Criminal Intelligence Analyst. In 2025, the team monitored approximately 85 registered offenders.

INVESTIGATIONS

DIVISION

The Investigations Division is split into two main units, the Criminal Investigations Unit and the Special Investigations Unit. Detectives assigned to the Criminal Investigations Unit work cases involving property, personal and financial crimes.

Detectives assigned to the Special Investigations Unit are further assigned to units and task forces consisting of the Drug Enforcement Administration Task Force, Cass County Drug Task Force, Metro Area Street Crimes Unit, U.S. Postal Service and U.S. Marshal Task Force. Detectives assigned to those units and task forces focus primarily on drug and human trafficking, bulk cash smuggling and gang activity.

The Criminal Intelligence Unit also houses a Criminal Intelligence Analyst who focuses on crime trends and targeting of crime issues.

This Division also manages special programs such as the Offender Registration.

PURSUITS & PITS

A pursuit intervention technique (PIT) is a controlled maneuver that is an effective way to end pursuits when the suspect vehicle is fleeing law enforcement.

West Fargo Police Department officers conduct PIT maneuver training as another tool to safely end pursuits in order to protect the greater community.

PURSUIT STATS	2025

COPS UNIT

The Community Outreach Programs and Services Unit (COPS Unit) of the West Fargo Police Department includes a Captain, Community Engagement Officer, nine School Resource Officers, and a Sergeant.

PROGRAMS

The COPS Unit offers various programs to engage with the community, such as:

- Citizens Police Academy
- Night to Unite
- Police in the Park
- Cops & Dobbers Senior Bingo
- Senior Safety Academy
- Scam Presentations
- Coffee with a Cop
- Seasonal Coloring Contests
- Swimming Lessons
- Pink Patch Project

These initiatives aim to recognize West Fargo's diverse population and foster stronger community relationships. The unit's primary goal is to build trust between the police department and all residents.

COPS UNIT PROGRAM

HIGHLIGHTS

BATTLE OF THE BADGES

The West Fargo Police Department participated in the 7th annual Battle of the Badges blood drive in partnership with Vitalant. Team Fire won this year's friendly competition with 65 units of donated blood compared to 62 units by Team Law.

PINK PATCH PROJECT

The West Fargo Police Department started the Pink Patch Project in 2018. The pink patch, department challenge coin and apparel were sold to raise money for breast cancer awareness. In 2025, over $3,600 was raised and donated to the Edith Sanford Breast Center.

HOMETOWN HEROES ACADEMY

A three-day camp with the West Fargo Park District, Vision Zero ND and West Fargo Fire Department was filled with adventures, fun and learning. Activities ranged from a bike safety rodeo to fire station tours. Participants also had the chance to explore local public safety vehicles, engage in an important anti-bullying discussion and learn about seat belt safety.

Message from the Senior Director..

I am pleased to present the 2025 West Fargo Public Works Department Annual Report. This report provides an overview of the department's organizational structure, core operations, and service levels; highlighting the coordinated efforts and diverse functions that support our community. Our goal is to keep the public informed about the work our crews perform each day to beautify, maintain, and enhance the city's infrastructure and overall functionality.

The Public Works Department is comprised of eight divisions, each committed to collaboration and shared success. This teamwork is evident in the execution of major projects such as paving programs, Clean Up Week, snow response operations, and large-scale water break repairs. Our staff consistently demonstrates an "all hands on deck" approach, with every division contributing to achieve common goals. The dedication of the men and women in our department is reflected in our accomplishments throughout the year.

Key highlights from 2025 include:

- The Street Division acquired new striping equipment, enabling in-house striping of crosswalks and small roadway areas.
- The Right-of-Way Division enhanced two roundabouts by expanding green spaces and improving visibility.
- The Water Division successfully concluded the citywide meter replacement initiative, installing more than 875 smart meters.
- Through the efforts of the Forestry Division, the City of West Fargo earned its 41st consecutive Tree City USA designation and opened a new orchard in the Shadow Wood neighborhood.
- Twelve employees graduated from our commercial driver training program and obtained their CDLs.

On behalf of the entire Public Works Department, I extend our appreciation to the community, elected officials, City Administrator, and all City departments for their continued support. We remain committed to delivering essential services that enhance the quality of life for residents and visitors and to making West Fargo the best place to work, visit, and live. We will continue to embrace new technologies, methodologies, and equipment to further improve city services.

Matthew Andvik
Senior Public Works Director

2025 Administrative Staff

Departmental Overview

Vision

To adapt with new technology, methodology, and equipment in order to improve overall City services.

Mission

The City of West Fargo Public Works Department works to provide access to fundamental needs to improve the quality of life for West Fargo residents and visitors, and to the make the City of West Fargo the best place to work, visit, and live.

Core Values

Teamwork:

To value workforce and strive to ensure that all staff are well trained, property informed, exhibit respect to all, display committment, and demonstrate professionalism.

Flexibility & Creativity:

To seek innovative mean to accomplish overall mission, objectives, and goals.

Communication:

To practice active listening and encourage diverse points of view.

Accountability:

To remain dedicated to fiscal responsibility and transparancy in the use of public funds and delivery of municipal services

ONE TEAM
EIGHT DIVISIONS

The Public Works Department is responsible for providing public services to residents in a variety of areas to ensure the City of West Fargo remains a clean, safe, and great place to live.

The Department also provides resources including additional personnel, snowplows, barricades, pumps, generators and various heavy equipment to maintain public safety during emergency situations when needed.

The Department is divided into eight divisions in order to efficiently deliver these services.

1. **Street Division**
2. **Right-of-Way Division**
3. **Sewer Division**
4. **Water Division**
5. **Fleet & Facilities Division**
6. **Electrical Division**
7. **Forestry Division**
8. **Sanitation Division**

Operating Budget

The Public Works Department's operating budget for 2025 totaled $33,438,666.

Division budgets are funded through the following methods:

- **City of West Fargo General Fund**
  - PW Administration, Electrical, Fleet & Facility, Right-of-Way, Streets
- **Utility Funds**
  - Forestry, Sanitation, Sewer, Water

Capital Improvement Sales Tax funds projects including scheduled maintenance, design and implementation of upgrades, and overall infrastructure sustainability.

General Funds

Public Works Administration	$474,796
Electrical/Street Lights	$739,000
Fleet & Facility	$1,238,203
Right-of-Way	$1,227,075
Streets	$3,780,440

Street Division

1 Foreman • 1 Crew Chief • 14 Operators

The Street Division is responsible for activities including the City of West Fargo's streets, right-of-way and public facilities. The City of West Fargo has approximately 440 centerline miles of roadway. The division ensures compliance with federal, state and local regulations in all three of its subsections: streets, right-of-way, and street lights (electrical).

Roadway Maintenance:

The City of West Fargo's in-house maintenance programs aim to maintain or improve the overall condition of public roadways with the City's boundaries to extend the life of the roadways.

12,554
Tons of Asphalt Used

Patching:

Potholes and cracks throughout the City are repaired with Cold Patching and Dura Patching.

2025 Streets & ROW Division Staff

Street Division

Snow & Ice Control:

During winter weather events, the Street Division leads efforts to maintain roadways by clearing ice and snow. During an "all-plow" event the department operates in 24-hour shifts with 40 Operators, 13 Motor Graders, 6 Payloaders, 5 Salt Plow Trucks, 3 Brine Trucks, 5 Toolcats or Skid Steers, 3 Tractors, and 5 Pick-ups.

During a snowstorm, the city prioritizes clearing emergency routes first and throughout the duration of the storm. Once the storm subsides, attention shifts to residential streets. Public Works relies on real-time weather data to guide operations.

Sewer Division

Pretreatment Program:

The Sewer Division monitors industrial businesses through a Pretreatment Program to ensure businesses comply with City ordinances and EPA regulations. The EPA's National Pretreatment Program is designed to protect infrastructure for public sanitary sewer systems and reduce pollutant levels.

10 Industrial Inspections Performed

40 Samples Taken

4 Surcharges

2 Permit Violations

F.R.O.G. Program:

Fats, Rags, Oils, and Grease (F.R.O.G.) are common causes of blockages and sanitary sewer overflow that may lead to public health hazards and costly repairs. The City of West Fargo designed the F.R.O.G. program to elimate these hazards from sewer systems and educate commercial and residential users.

168 Industrial Inspections Performed

9 Permit Violations

25% Decrease from 2024

Lagoon Decommissiong:

In June 2021, work began on decommissioning the City of West Fargo's lagoon cells. Seven of ten cells have been completed and will be prepared for future development.

The three remaining cells are currently being used as equalizing ponds to help keep our flow rate stable at 3 million gallons/day flowing to the wastewater treatment plant in Fargo. These cells will be decommissioned for lagoon use in the next 3-5 years, but some type of dry retention or equalization ponds are likely to remain in their place.

89.2 Million Gallons of Wastewater Pumped into Lagoons

66% Decrease from 2024

1.02 Billion Gallons of Wastewater Pumped to Fargo

10% Increase from 2024

80 Million Gallons of Lagoon Water Discharged

Water Division

1 Foreman • 1 Crew Chief • 7 Operators

The Water Division ensures the reliable operation of the City of West Fargo's waterworks system and provides a high-quality drinking water supply at sufficient pressure.

Water Meter Replacement Project:

In 2025 the Water Division completed a project to install Advanced Metering Infrastructure (AMI) smart meters into every residence and business in West Fargo.

Smart meters record and transmit water usage information for faster, more efficient Utility Billing.

876
Meters Installed

2025 Water Division Staff

Forestry Division

1 City Forester • 4 Aborists

The Forestry Division promotes and maintains a safe and health urban forest that enhances the visual appeal and environmental quality of the City. The Division accomplished this through tree planting and maintenance, as well as public education and community involvement.

Tree Maintenance:

425 Trees Planted

3,582 Trees Pruned

74 Planting Permits Issued

21,179 Total Boulevard Trees

23 Tree Species

12 Community Orchards

New Shadow Wood Neighborhood Orchard Opened in 2025

Emerald Ash Borer:

The Emerald Ash Borer is a non-native insect that poses a great threat to ash trees in the United States. Emerald Ash Borer infestations have killed hundreds of millions of trees in the U.S. and have cost municipalities, property owners, nursery operators, and forest industries hundreds of millions of dollars.

The City's Forestry Division is actively working to curb the spread of EAB into West Fargo by treating and removing vulernable Ash Trees, and educating property owners on how to spot the signs of EAB in their own trees.

283 Trees Treated

200+ Trees Removed

2025 Forestry Division Staff

Fleet Division

1 Manager • 1 Foreman • 1 Crew Chief
4 Technicians • 1 Procurement Specialist

The Fleet Services Division provides maintenance and repair to call city-owned vehicles and equipment. The Division also oversees replacement of vehicles and equipment, disposes of retired assets, oversees central parts and supplies inventory and ensures that safety standards are met for all equipment.

69 Police Vehicles + **137** Pieces of Large Equipment + **363** Pieces of Small Equipment = **569** Total City Fleet

118,043 Gallons of Diesel used at City-owned Fuel Stations

City Commission Agenda Item Memo
Meeting Date: April 20, 2026

☐ **Consent Agenda**
☒ **Regular Agenda**

Item Title: Project No. 1351 – Sanitary Lift Station (SA-27) Rehabilitation

Requested Action/Staff Recommendation: Approve both Change Order No. 2's for ICS, Inc. and JDP Electric

Presented By: Jerry Wallace, City Engineer

New Information: Installation of an ozone treatment unit at Lift Station SA 27 is recommended to reduce hydrogen sulfide (H_2S) levels, maintain compliance with inter-municipal agreements, and protect sewer infrastructure. Based on prior testing, the system is expected to significantly reduce or eliminate chemical usage at multiple injection points, resulting in estimated annual savings of approximately $154,700 and a return on investment (ROI) of about 27 months.

Background & Project Summary: Maintaining H_2S levels within acceptable limits is essential for complying with inter-municipal agreements and preserving the integrity of the City's sewer infrastructure. Elevated H_2S levels can lead to accelerated corrosion, increased maintenance costs, and potential non-compliance with regional wastewater standards.

To address elevated H_2S levels, Public Works expanded both the number of chemical injection sites and total dosage. Previously, chemicals were injected at three locations—the Sanitation Shop, 7th Avenue near Cargill, and SA 27—at 50 gallons per day (gpd) each. After notification from the City of Fargo that H_2S levels exceeded acceptable limits (over 100 ppm), a fourth injection site at SA 40 was added.

The City currently uses HSX, a calcium nitrate-based product supplied by Hawkins, to control H_2S through biological processes, with an injection rate of approximately 250 gpd.

In 2025, Public Works conducted a one-week test of a temporary ozone unit at SA 40. Although the unit was undersized, it reduced H_2S levels to near zero at the Fargo testing point. Following the test, chemical dosage at SA 40 was reduced from 120 gpd to 50 gpd and maintained at that level for six months.

Based on these results, installation of a permanent ozone unit at SA 27 is proposed. The unit will be housed in the existing chemical feed building and connected to the force main between SA 27 and SA 40. This configuration is expected to eliminate chemical use at SA 27 and the sanitation shop, potentially further reduce chemical demand downstream at SA 40, and improve system reliability and overall performance.

Public Works staff will receive training from the vendor, and ongoing technical support will be provided to ensure proper operation and maintenance.

Financial Analysis: Upgrades to the sanitary lift station SA-27 were included in the 2024 Approved CIP with an estimated total project cost of $1,625,000. The project is being funded from south-of-the-interstate sanitary sewer hookup fees, collected as the contributing area has developed.

The total cost for this work is $340,870, consisting of equipment installation (ICS, Inc.) and electrical work (JDP Electric). Annual operation and maintenance (O&M) costs are estimated at $10,000–$15,000, including electricity, replacement parts, labor, and preventative maintenance.

The current chemical cost is $4.71 per gallon. During prior ozone testing at SA 40, chemical usage was reduced by 60 gpd, resulting in daily savings of $282.60 and total savings of $53,433 over six months.

With installation at SA 27, it is anticipated that chemical use at SA 27 and the Sanitation Shop will be eliminated, reducing usage by an additional 90 gpd. This equates to a daily saving of $423.90, or an annual savings of $154,723.50.

Policy Analysis: The proposed project supports compliance with inter-municipal wastewater agreements by proactively addressing H_2S exceedances. Failure to control H_2S levels could result in regulatory non-compliance, increased liability, and potential enforcement actions from regional partners.

Additionally, reducing H_2S levels mitigates long-term infrastructure deterioration caused by corrosion, aligning with the City's asset management and sustainability goals. Transitioning from chemical treatment to ozone also reduces reliance on ongoing chemical procurement and handling, improving operational efficiency and safety.

Overall, the project represents a cost-effective and proactive approach to regulatory compliance, infrastructure preservation, and long-term system performance.

Change Order Proposal

Date: March 27th 2026
Project: SA-27
Client: City of West Fargo
Attention: James Uhlman; Jim Sepp, Moore Engineering, Inc.
Item: Installation of Hour Meters

Change Order #3 – Installation of Hour Meters

JDP Electric, Inc. will furnish and install three (3) hour meters (Part No. 722-0003). Each meter will record run time in tenths of an hour and is non-resettable.

Each hour meter will be installed at the corresponding VFD and wired from the VFD run signal to accurately track equipment operating time. Meters will be round, flush-mounted displays.

All wiring, terminations, and associated materials required for a complete and operational installation are included. Upon completion, JDP will verify proper operation of each meter.

Net Change Order Amount

Change Order #3 Total: $1,558.00

General Conditions

1. All applicable taxes are included in our submission.

2. JDP Electric shall not be held liable for errors or omissions in designs by others, nor inadequacies of materials and equipment specified or supplied by others.

3. Equipment and materials supplied by the contractor are warranted only to the extent that the same are warranted by the manufacturer.

4. JDP Electric shall not be liable for indirect loss or damage.

5. Unless included in this proposal, all bonding and/or special insurance requirements are supplied at additional cost.

6. If a formal contract is required, its conditions must not deviate from this proposal without contractor's permission.

7. Anything (verbal or written), express or implied elsewhere, which is contrary to these conditions shall be null and void.

8. Prices stated herein are subject to change at any time at the discretion of JDP Electric as a result of material and supply issues, market changes or other events beyond our control. Written notice of any changes will be conveyed to customer.

Respectfully submitted,

Justin Ryan

722 Series

Electromechanical Hour Meter

The Model 722 provides an AC Hour Meter with an operating range of 90-264VAC 50/60 Hz. You no longer require two separate meters, one for 115VAC and one for 230VAC. Models are available in the standard industry housings, 2-Hole Rectangular, Flush-Rectangular, Flush-Round, Square and 3-Hole Round. Its quartz time base insures accurate long-term time keeping. The totally sealed case protects against the environment and provides years of reliable service. All models are NEMA 4X,12 rated when mounted with optional gasket.

Key Features

- Operating voltage 90-264VAC 50/60Hz
- Totally Sealed
- UL/cUL Recognized, CE & RoHS Compliant
- 6 Figure, 99999.9
- Quartz accuracy
- Options include:
  - Wire leads
  - Gasket kit (for NEMA 4X, 12 rating)
  - Custom lens
  - Terminals up, down, straight

Applications

- Medical Equipment
- Control Panels
- Office Equipment
- Test Equipment
- Generators

Change Order Proposal

Date: March 27, 2026
Project: SA-27
Client: City of West Fargo
Attention: James Uhlman; Jim Scpp, Moore Engineering, Inc.
Item: Ozone Equipment and Building Retrofit

Project Clarification

- This proposal is based on information available at the time of pricing, including site observations, documentation provided by Moore Engineering, and information received from the ozone equipment supplier.
- Existing equipment and wiring are assumed to be in reusable condition. Any deficiencies discovered during installation may require additional work.
- Final equipment locations and layouts are by others; JDP Electric will coordinate based on equipment as installed.
- Any deviations in field conditions, design changes, or revisions to vendor-supplied equipment may require adjustments to scope and pricing.

Change Order #2 – Ozone Equipment and Building Retrofit

Existing Building Work

- Demo existing power and conduit not required within the space, including removal of outdoor control panel, associated conduit, and wiring currently feeding equipment within the chemical structure (level transmitters, flow pacer, and related devices originating from the outdoor control panel)

- Demo existing electric wall heaters

New Distribution Equipment

- Furnish and install new Allen-Bradley feeder breaker assembly within new MCC to feed panelboard located in ozone building
- Furnish and install one (1) NEMA 1, 18-circuit, 480/277V panelboard within chemical structure, including:
    - (1) 125A, 480V, 3-pole main circuit breaker
    - (1) 60A, 480V, 3-pole circuit breaker for air compressor
    - (2) 30A, 480V, 3-pole circuit breakers (one for ozone generator, one for chiller)
- Retain existing 120/208V panel and repurpose to serve equipment within the space

---

Additional Scope

- Furnish and install conduit from main SCP to ozone control panel to accommodate Cat6 cable (programming by others)
- Furnish and install feeder conduit from structure to new 480V panelboard
- Furnish and install conduit and wiring from panelboard to ozone generator, chiller, and air compressor, including flexible connections at equipment
- Provide 120V connection from existing low-voltage panel to ozone control panel
- Furnish and install conduit and wiring to:
    - (1) ozone detector within ozone structure, including terminations
    - (1) flow meter within ozone structure, including terminations
    - (1) ozone sensor located in basement pump gallery, including routing to ozone control panel and terminations

---

Exclusions

- Equipment not specifically identified in this proposal, including ozone equipment and associated instrumentation
- JDP Electric is providing conduit, wiring, and terminations only. All control logic, programming, and system integration are by others
- SCCR verification of all equipment (including vendor-supplied ozone equipment)
- Programming, software, or controls integration
- Startup, commissioning, testing, or performance verification of ozone or process systems

- Utility company work, including transformer capacity, metering, or service modifications
- Concrete, housekeeping pads, or equipment supports
- Ozone building classified as hazardous location (this proposal assumes non-classified space with NEMA 1 equipment, EMT, and compression fittings)
- Installation of ozone process equipment, including air compressor, chiller, ozone generator, or related process systems
- Ozone equipment is not connected to emergency or standby power unless specifically noted

---

Net Change Order Amount

Change Order #1 Total: $35,812.00

General Conditions

1. All applicable taxes are included in our submission.
2. JDP Electric shall not be held liable for errors or omissions in designs by others, nor inadequacies of materials and equipment specified or supplied by others.
3. Equipment and materials supplied by the contractor are warranted only to the extent that the same are warranted by the manufacturer.
4. JDP Electric shall not be liable for indirect loss or damage.
5. Unless included in this proposal, all bonding and/or special insurance requirements are supplied at additional cost.
6. If a formal contract is required, its conditions must not deviate from this proposal without contractor's permission.
7. Anything (verbal or written), express or implied elsewhere, which is contrary to these conditions shall be null and void.
8. Prices stated herein are subject to change at any time at the discretion of JDP Electric as a result of material and supply issues, market changes or other events beyond our control. Written notice of any changes will be conveyed to customer.

PROPOSAL

Wastewater Lift Station and Force Main system for H2S elimination

OXW-1.5k OZONE GENERATOR

By:

Joel Leusink
Sales Engineer
Oxidation Technologies, LLC
T: 515-635-5854
E: joel@oxidationtech.com

Project Reference: Wastewater Lift Station and Force Main system

At Oxidation Technologies, we specialize in the integration of automated, turnkey ozone systems tailored for a wide range of applications. Our expertise extends to supplying state-of-the-art Ozone Generators, comprehensive Ozone System components, and related accessories. We also offer exceptional service, repair, and maintenance services to ensure your systems operate at peak efficiency.

Our Services:

- **System Integration and Supply:** Whether you are in the market for your inaugural ozone system or looking to upgrade your current setup, our team of ozone application experts is here to assist you in selecting the ideal equipment for your specific needs.
- **Maintenance and Support:** From routine maintenance to emergency repairs, we ensure your ozone systems continue to deliver optimal performance.
- **Advanced Solutions:** Beyond ozone, we integrate systems using Hydrogen Peroxide (H2O2) or Ultraviolet (UV) light to offer Advanced Oxidation Process (AOP) solutions, enhancing the capabilities and effectiveness of your environmental control measures.

Our Commitment:

Founded by experts passionate about advancing the use of ozone, Oxidation Technologies has been at the forefront of ozone applications for over two decades. Our mission is to educate the world about ozone and become the most trusted source for ozone information while providing ozone solutions that set the standard for quality, reliability, and ease of use.

Let us leverage our extensive experience to enhance your operations with cutting-edge ozone solutions. We look forward to contributing to your success and elevating the standards within the ozone industry.

Warm regards,

Joel Leusink
Sales Engineer

SYSTEM PROCESS ILLUSTRATIONS

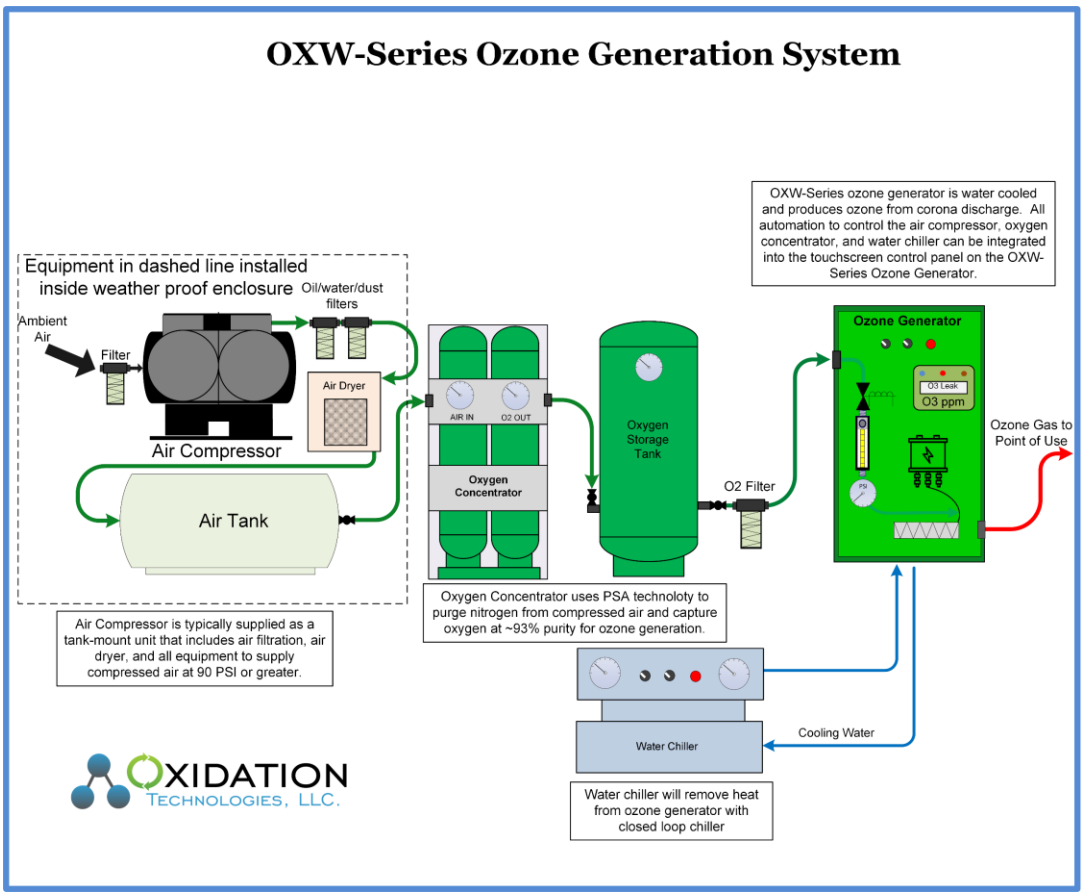

The OXW-1.5k Ozone Generator will produce ozone efficiently from feed-gas from a water-cooled ozone generation cell. The OXW-1.5k is compact, efficient, and easy to use with a wide variety of options and features.

The OXW Ozone Generator series uses a Stainless Steel, water-cooled cell powered by solid state electronics and an oil filled transformer. Reliability of the ozone generator is excellent with a wide variety of operating parameters allowable. A robust control and automation system is incorporated to maintain a safe operating environment for both personnel and equipment allowing for further reliability of the ozone generator. In addition, the corona cell is completely rebuildable and field serviceable

The OXW-1.5k Ozone Generator includes an automated control system to provide safe and reliable control of ozone generator. Primary control of the ozone generator functions and display of status is indicated on a touchscreen display panel. This control system can also provide control for safe operation of the upstream oxygen concentrator, and closed loop water chiller used to cool the ozone generator cells.

There are optional accessories that can be included either into the OXW-1.5k to provide additional function or control, and facilitate a complete install. See the options pages of this quote for additional details.

The drawing below illustrates the OXW-1.5k ozone generator in use, this shows a potential example of the complete set-up for use. The components illustrated are listed after the image.

Air Compressor System

- Packaged rotary screw air compressor with built-in refrigerant air dryer and air receiver tank.
- The air compressor is commonly provided as a packaged unit that self contained and controlled.
- Compressed air can also be provided by the facility. If on-site compressed air is available that is preferrable as it eliminates a new maintenance item long-term and lowers operating cost.
- This quote provides along with specifications for a compressor that could be used with the OXW-1.5k ozone generator.

Oxygen Concentrator

- Uses compressed air and PSA technology to remove nitrogen from the air and capture oxygen for ozone production.
- This can be controlled directly from the oxygen concentrator if desired.

- This quote provides along with specifications for an oxygen concentrator that could be used with the OXW-1.5k ozone generator.

Oxygen Storage Tank

- A necessary component of the oxygen concentrator to buffer oxygen production and flow to allow for consistent oxygen flow from the oxygen concentrator.
- This is listed with the oxygen concentrator as an option within this quote.

Closed Loop Water Chiller

- Provides cooling for the water cooled ozone generator.
- This allows efficient cooling of the ozone generator without the need for an external water source.
- On-site cooling water could be provided to the ozone generator if applicable. This would eliminate the need for the water chiller.
- This quotes provides along with specifications for an oxygen concentrator that could be used with the OXW-1.5k ozone generator.

Figure 1 - Image reflects the OXW-1.5k ozone generator installed with the OXO-200 Oxygen Concentrator and applicable water chiller.

IMAGE OF SYSTEM

SYSTEM OUTLINE

Design Parameters	
Ozone Production Capacity	1,486 g/hr from 450 SCFH Oxygen flow @ 8.25% by weight 1,600 g/hr from 550 SCFH Oxygen flow @ 7.5% by weight
Oxygen Flow Requirements	450 SCFH 02 flow produces 1,486 g/hr 03 @ 8.25% by weight 550 LPM 02 flow produces 1,600 g/hr 03 @ 7.5% by weight Higher oxygen flows will result in higher ozone production with lower ozone concentrations Lower oxygen flows will result in lower ozone production with higher ozone concentrations See ozone generator performance chart for full details on oxygen flows and ozone production rates
Oxygen Requirement	Oxygen purity of 90% nominal -100 deg F dew-point
Oxygen inlet Pressure	20-65 PSI
Oxygen Delivery Pressure	20-50 PSI
Electrical power consumption	12,000 watts
Cooling Water Required (70-deg F or cooler)	5 GPM (At 70-deg F incoming cooling water, a temperature rise of 13.6 deg F should be expected)
Cooling capacity	42,000 BTU of cooling capacity required

PRIMARY FEATURES

OXW-1.5k Ozone Generator

- Ozone produced from Corona Discharge in Stainless Steel Corona cell
- Single ozone generator cell uses 10 separate dielectrics for built-in redundancy
- Solid state electronics increase frequency to above 1.5 khz
- Oil filled transformer increases voltage for corona discharge, oil filled/cooled transformer
- Provides excellent long-term reliability.
- Harmonically balanced electronics automatically compensate for pressure
- Panel mounted visual flowmeter to indicate feed-gas flow through the ozone generator
- Operates from Dry-Air or Oxygen feed-gas
- Isolation electric ball valve at 02 inlet and 03 outlet
- Oxygen must be 90% purity or better
- Dry-Air must be dried to -100 deg F or better
- Control System
    - System will be automatically controlled and can be turned ON/OFF with one simple switch (dry contacts also available for remote control)
    - Ozone output can be adjusted via a manual potentiometer on the control face from 0-100% or via 4-20 mA control input from customer control system
    - Built in Alarms
        - High/low feed-gas pressure
        - High ambient temperatures
        - High cooling water temperature
        - Ambient ozone leak sensor built into the ozone generator cabinet
        - Oxygen purity sensor to alert of low oxygen purity
- Water cooled ozone generator requires 70-deg F cooling water or cooler
- System must operate in non-condensing environment
- Ambient temperature must be below 100-deg F
- Ozone generator installed in painted steel enclosure

Oxygen Concentrator – AS-J

- AS-J Oxygen Concentrator provides up to 550 SCFH (260 LPM) of oxygen flow for ozone production
- **1,600 g/hr ozone production** is realized from the OXW-1.5k Ozone Generator with the AS-J
- The OXW-1.5k produces 1,600 g/hr ozone at 8.25% by weight from 550 SCFH oxygen flow
- AS-J provides oxygen purity of 93% nominal
- Requires 100 CFM compressed air to produce 550 SCFH oxygen
- Compressed air must be Clean and Dry “Plant Air” (Class 5.6.5 per ISO 8573.1)

- Includes 120 gallon oxygen receiver tank
- Requires 120 VAC power, 3 amps
- Dimensions: 42” wide x 34” deep x 78” tall

Air Compressor for use with the AS-J

- ELGI 30 HP Rotary Screw Air Compressor
- Supplies sufficient compressed air for use with the AS-J oxygen concentrator
- 30 HP Rotary Screw compressor provides 143 CFM compressed air at 90+ PSI
- Built-in refrigerant air dryer dries process air to 40-deg F dew point or better
- Integrated 2-stage filters will provide clean air for ozone production
- Tank mounted compressor on 120 gallon receiver tank
- Requires 460 VAC, 3-phase power for operation

Closed Loop Water Chiller

- MGD-5A Closed Loop Water Chiller
- 5 ton capacity 58,800 BTU
- 12 GPM flow-rate with internal pump
- 25 gallon coolant holding tank
- 1” Female NPT Process connections, water inlet/outlet
- 460 Vac, 3-phase power, 17 amp full load amperage,
- R-454B refrigerant used
- Dimensions: 60” tall x 34” wide x 40” deep

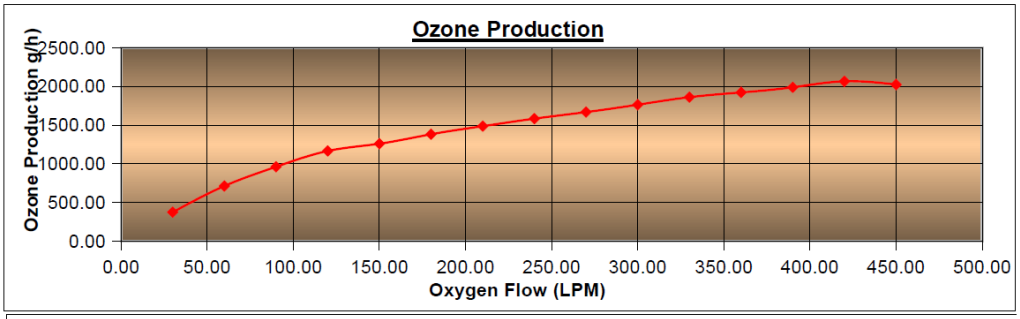

PHYSICAL REQUIREMENTS

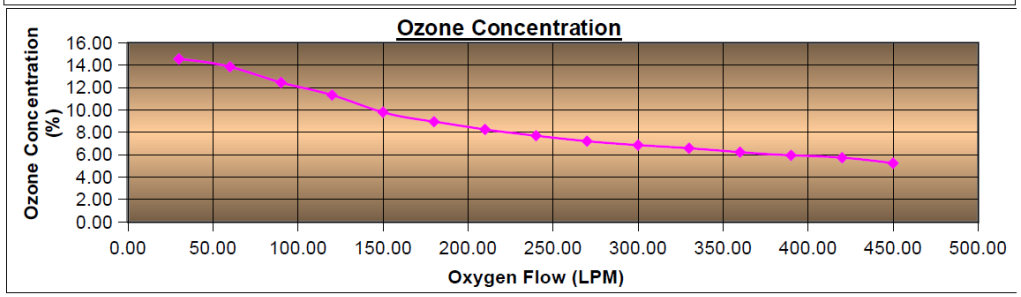

Power requirements	460 Vac, 3 phase Ozone Generator = 20 Amps @ 460 VAC, 14 kW average power draw Air compressor = 30 Amps @ 460 VAC, 23 kW average power draw Water Chiller = 17 Amps @ 460 VAC, 14 kW average Oxygen Concentrator = 5 amps @ 120 VAC (powered from ozone generator cabinet)
Gas Connections	Oxygen Inlet = ½" Female NPT Ozone Outlet = ½" Female NPT
Cooling Water Connections	Water inlet/outlet = 3/4" Female NPT
Operating Temp	100 deg F (max)
Environmental	Clean and dust free that is non condensing
Physical dimensions	Ozone Generator = 90" wide x 24" deep x 84" tall Oxygen Concentrator = 42" wide x 34" deep x 78" tall Oxygen Tank = 24" diameter x 80" tall Air tank = 24" diameter x 80" tall Chiller = 60" tall x 34" wide x 40" deep Air compressor = 76" long x 32" deep x 75" tall

PERFORMANCE TEST DATA

Ozone Analyzer UV-106H, cooling water 60F IN, 64F OUT

OPTIONAL UPGRADES INSTALLED INTO THE OZONE GENERATOR

These items are installed inside the cabinet of the Ozone Generator, as a part of the Ozone Generation System.

Remote Ambient Ozone Meter

- Ozone safety meter can be mounted remotely from the ozone generator
- Connect via a wire back to the ozone generator control panel
- Will shut-down ozone generator in the event of high ambient ozone levels measured
- Ozone measurement range from 0-2 ppm with a 0.01 ppm resolution

Mass Flow Meter

- Electronic oxygen flow meter to display oxygen flow real-time on the control screen
- Measures a pressure compensated oxygen flow to deliver accurate oxygen flow readings at any operating pressure
- Provides 4-20 mA output scaled to oxygen flow
- Can be used with the ozone analyzer to calculate and display actual ozone production in g/hr real-time

Ozone Analyzer

- High concentration ozone analyzer measures ozone concentration real-time to display on the control panel
- UV based ozone analyzer provides ozone concentration in g/m3 or % by weight
- Provides 4-20 mA output scaled to ozone concentration
- Uses slip-stream of ozone gas to measure ozone concentration.
- Flow meter, flow control valve, and ozone destruct unit are integrated for seamless operation
- Can be used with the mass flow meter to calculate and display actual ozone production in g/hr real-time

MAINTENANCE COSTS – STANDARD SYSTEM

Part	Part Number	Frequency	Cost
Ambient Ozone Leak Sensor	SM-3-1.0	Yearly	$320
Ozone inlet valve is AC2W NC	AC2CW-NC	2-years	$114
Oxygen inlet valve is AC2W NC	AC2CW-NC	2 years	$114
Fans	Fan 4.7 - 120	As-needed	$29.50
Corona cell dielectrics	OXW Dielectric tube	As-Needed	$500
AS-J Replacement parts:			
Replacement Filter	MSP-96-649	Quarterly	$98
Replacement Filter	MTP-96-648	Quarterly	$93
Check Valve	OXO-check valve 1/2"	Annually	$85
Solenoid Valve Rebuild	GZ-RK-W0V1	Annually	$260
Sieve Material	XP-Molecular Sieve (350-lbs)	As-needed	$3,150
Air compressor replacement parts			
Oil Filter	IR 39329602	Yearly	$145
Air Separator	NAPA P26A734	Yearly	$194
Inlet Air Filter	IR 88171913	Yearly	$63
Stage 1 Air Filter	IR 24241952	Yearly	$170
Stage 2 Air Filter	IR 24241960	Yearly	$175
Compressor Inlet Filter Pad	IR 22421853	Yearly	$88
Ultra Cooling Lubricant	Ultimate 8000-5	As-needed	$250
High Concentration Ozone Analyzer – calibration & scrubber changes	Calibration – 106 Analyzer	Annually	$500

PRICING

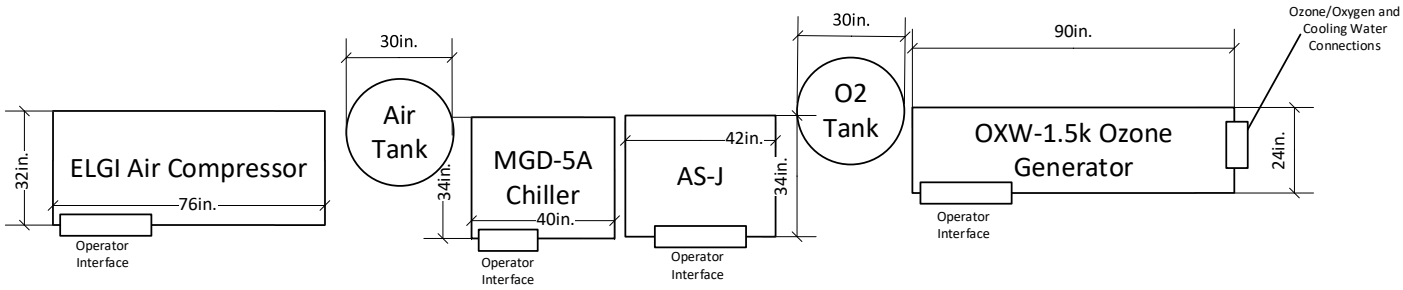

Part	Price
OXW-1.5k	$97,800
AS-J Oxygen Concentrator with Oxygen Tank	$32,850
MGD-5A Water Chiller	$15,450
EN30-100-120T-G2A Air Compressor for AS-J	$31,750
Estimated Shipping Cost *Actual costs charged at time of shipment	$2,100
Start-Up and Training *1 full day of on-site by Oxidation Technologies technician. All travel and on-site time included in cost*	$3,450

Delivery Time: 6-8 weeks

OPTIONAL EQUIPMENT/UPGRADES PRICING

Part	Additional Pricing
Remote Ambient Ozone Meter	$1,450
Mass Flow Meter	$1,250
Ozone Analyzer	$6,100

GENERAL TERMS AND CONDITIONS OF SALES

City Commission Agenda Item Memo
Meeting Date: April 20, 2026

☐ **Consent Agenda**
☒ **Regular Agenda**

Item Title: New Water Supply, Sewerage, Street Systems and Incidentals – Grant 2nd Addition

Requested Action/Staff Recommendation: Accept Petition for Improvements, Create Improvement District No. 1358, and Direct Engineer to prepare an Engineer's Report

Presented By: Jerry Wallace, City Engineer

New Information: The owner of Lot 1, Block 1, of the Grant Addition has petitioned for public improvements to the property consisting of street and utility systems to serve the proposed properties of the Grant 2nd Addition.

Background & Project Summary: The ownership group previously acquired, platted, and rezoned the property in anticipation of turnkey construction of multi-family dwellings. Since that time, market conditions within the City have delayed development of this type.

Current analysis indicates a limited supply of build-ready lots within the City of West Fargo. In response, the owner is pursuing a replat of the property to create a larger inventory of buildable lots, thereby necessitating the requested public infrastructure improvements.

Financial Analysis: In accordance with City policy, the full cost of the proposed improvements will be assessed to the benefiting property within the district.

Policy Analysis: The project is consistent with the City's historical policy on greenfield development. The project, and associated special assessments, will be entirely contained to the proposed Grant 2nd Addition. No regional assessments are associated with this work.

Supporting Documents:

- Petition for Improvements
- Attorney Title Opinion(s)
- Improvement District Map
- Preliminary plat
- Associated Resolutions

City of West Fargo

Process for Contracts and Improvements

Improvement Process Overview

*The City of West Fargo creates an engineer's report and estimate of probable cost for most projects, but is legally required to do so for projects using special assessment funding.

**The special assessment certification process allocates the cost of the project after the complete cost of the project is final. The Special Assessment Commission does not discuss project costs.

We J&O Real Estate LLC are the legal and equitable owners of the following described property, to-wit:

GRANT SECOND ADDITION TO THE CITY OF WEST FARGO, being a replat of Lot 1, Block 1, Grant Addition to the City of West Fargo, and a replat of Lot 57, Block 1, The Wilds Eleventh Addition to the City of West Fargo, Cass County, North Dakota. (hereinafter the "**Property**")

We hereby petition the City Commission of the City of West Fargo, Cass County, North Dakota, to create an improvement district for the purpose of constructing the following municipal improvements: water, sanitary, storm sewer, street lights, and paving (hereinafter the "**Improvements**")

We hereby request that the City Commission of the City of West Fargo, Cass County, North Dakota, determine by resolution that a written petition for the **Improvements** signed by the owners of a majority of the area of the **Property** included within the district, has been received and that the resolution declaring work necessary shall not be required for said improvement district.

We hereby certify that we are the legal and equitable owner of the **Property** and have the authority to grant the City of West Fargo all necessary easements, rights of ways, fee simple, dedications and other interests in the **Property** that may be required to complete the construction of the **Improvements**.

We agree that pursuant to North Dakota Century Code Chapters 40-23 through 40-32 that the City shall assess the entire cost of the Improvements against my/our Property and hereby agree to pay the entire cost as levied and apportioned by the city.

Dated this 7th day of April, 2026.

OWNERS:

President, J&O Real Estate, LLC

This petition must be accompanied by evidence of ownership of the Property. Such evidence can include the following items: (a) title opinion; (b) O & E report; or (c) a copy of the vesting deed.

RE: Title Opinion – Lot 1 Block 1 Grant Addition

Dear Mr. Nelson:

In accordance with your request, we have examined Abstract of Title to the following described real property:

**Lot 1, Block 1, Grant Addition to the City of West Fargo,
situate in the County of Cass and the State of North Dakota**

Our examination was made with the aid of Abstract No. 16094 containing Entries 1 through 51 and Entries 54 through 175, last certified on the 30th day of March, 2026, at 6:59 o'clock a.m. by the Cass County Abstract Company, and review of the North Dakota Recorders Information Network through April 10, 2026.

Assuming said abstract and search to be complete and correct, it is our opinion that, subject to the qualifications contained herein, the record title to this property, as of the date and hour above mentioned, was in:

J & O Real Estate, LLC

by virtue of a Warranty Deed, dated November 11, 2024, and recorded November 13, 2024, at 8:00 a.m. as Document No. 1723799.

At Entry 178 of the Abstract, there appears a Mortgage in favor of Western State Bank, dated November 12, 2024, and recorded November 13, 2024, at 8:00 a.m. as Document No. 1723800. The mortgage is in the original principal amount of $975,000.00. At Entry

179 of the Abstract, there appears a Modification of the Mortgage referenced at Entry 178 dated November 12, 2025, and recorded November 13, 2025, at 10:51 a.m. as Document No. 1746998. The modification extends the maturity date from November 12, 2025, to June 1, 2026.

At Entry 180 of the Abstract, there appears an Assignment of Rents in favor of Western State Bank, dated November 12, 2024, and recorded November 13, 2024, at 8:00 a.m. as Document No. 1723801. The purpose of the assignment is to assign, grant a continuing security interest in, and convey to Western State Bank all of J & O Real Estate, LLC's right, title, and interest in and to the rents from Lot One, in Block One of Grant Addition to the City of West Fargo.

At Entry 71 of the Abstract, there appears an easement in favor of Northwestern Bell Telephone Company dated December 18, 1970, and recorded January 17, 1972, at 4:33 p.m. in Book "R-5" of Misc., page 220, and as Document No. 455116. The easement is for the construction, operation, maintenance, replacement, and enlargement of buried or underground telephone and communications systems and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest. Due to the description contained within the body of the document, I am unable to ascertain whether the easement actually encroaches upon the property being opined hereto. A physical inspection of the property would be necessary to make that determination.

At Entry 72 of the Abstract, there appears the plat of Auditors Lot 1 dated June 23, 1978, and filed July 6, 1978, at 11:55 a.m. in Book "C" of Auditor's Misc., page 53, and as Document No. 538698. The plat makes reference to lots and easements and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 73 of the Abstract, there appears a Warranty Deed dated June 23, 1978, and recorded July 6, 1978 at 4:00 p.m. in Book "429" of Deeds, page 75, and as Document No. 538712. The warranty deed reserves perpetual easements for ingress and egress and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 80 of the Abstract, there appears an easement in favor of Cass County Electric Cooperative, Inc., dated August 15, 1978, and filed January 23, 1979, at 11:07 a.m. in Book "B-8" of Misc., page 493, and as Document No. 549058. The easement is for the maintenance and repair of an electrical transmission distribution line or system and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

3280 Veterans Blvd S, Ste 302, Fargo, North Dakota 58104
Licensed in North Dakota & Minnesota

At Entry 82 of the Abstract, there appears the plat of Auditors Lot No. 3 dated May 18, 1979, and filed May 18, 1979, at 10:51 a.m. in Book “C” of Misc. Plats, page 130, and as Document No. 553434. The plat makes reference to lots and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

At Entry 114 of the Abstract, there appears an easement in favor of Cass County Electric Cooperative dated April 25, 1996, and recorded July 2, 1996, at 9:20 a.m. as Document No. 856875. The easement is for the purpose of maintaining and repairing transmission or distribution lines or systems and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest. Due to the description contained within the body of the document, I am unable to ascertain whether the easement actually encroaches upon the property being opined hereto. A physical inspection of the property would be necessary to make that determination.

At Entry 116 of the Abstract, there appears a Notice of Rural Water Lines and Easements for Rural Water Lines dated July 8, 1998, and recorded July 13, 1998, at 8:00 a.m. as Document No. 905206. The notice makes reference to water service agreements and easements from landowners for new water pipelines and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

At Entry 117 of the Abstract, there appears an easement in favor of Cass Rural Water Users, Inc. dated March 31, 1998, and recorded October 9, 1998, at 1:00 p.m. as Document No. 912982. The easement is for the operation, inspection, repairing, maintenance, replacement, and removal of water pipelines in connection with the operation of a rural water system and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

At Entry 118 of the Abstract, there appears a right-of-way easement in favor of Cass Rural Water Users, Inc., dated April 16, 1998, and recorded October 9, 1998, at 1:00 p.m. as Document No. 912983. The easement is for the erection, construction, installation, and thereafter use, inspection, operation, repairing, maintenance, replacing, and removal of water pipelines in connection with the operation of a rural water system. At Entry 173 of the Abstract, there appears a partial release of right-of-way easement dated October 26, 2023, and recorded October 31, 2023, as Document No. 1700634. The partial release releases, cancels, and terminates the easement solely regarding the portion of the property described therein. The easement shall remain in full force and effect with respect to that portion of the property not located within the released property and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest. Due to the description contained within the body of the document, I am unable to ascertain whether the easement actually encroaches upon the property being opined hereto. A physical inspection of the property would be necessary to make that determination.

3280 Veterans Blvd S, Ste 302, Fargo, North Dakota 58104
Licensed in North Dakota & Minnesota

At Entry 162 of the Abstract, there appears the Plat of Grant Addition to the City of West Fargo dated June 7, 2022, and recorded June 22, 2022, at 3:51 p.m. as Document No. 1668660. The plat makes reference to lots, blocks, streets, and easements, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 163 of the Abstract, there appears a Subdivision Agreement between the City of West Fargo and Kathleen Grant dated April 12, 2022, and recorded June 23, 2022, at 8:00 a.m. as Document No. 1668671. The agreement sets out certain conditions of plat and development approval and responsibilities of the parties to the agreement, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 164 of the Abstract, there appears an Agreement between Kathleen Grant and EagleRidge Development, LLC, dated June 7, 2022, and recorded September 7, 2022, at 9:04 a.m. as Document No. 1674757. The agreement sets out a cash payment in lieu of public dedication required by the City of West Fargo ordinances and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 174 of the Abstract, there appears a pipeline easement in favor of Cass Rural Water Users District dated October 26, 2023, and recorded October 31, 2023, at 2:51 p.m. as Document No. 1700636. The easement is for the purpose of installing, constructing, operating, and maintaining underground pipelines and associated appurtenances to accommodate the water supply infrastructure and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

This opinion does not extend to, and you should satisfy yourself as to the following matters which may affect the title of the property, although they are not matters of record and thus not included in the Abstract:

a. Unrecorded liens of persons who have furnished labor or materials in the improvements of the premises. Such liens may be effective although not recorded until 90 days after the last item of labor or materials is furnished;

b. The rights of persons in possession of the premises or any portion thereof;

c. Any alleyways, easements, right of ways, buried transmission facilities, streets or judicial monuments actually located upon the ground;

3280 Veterans Blvd S, Ste 302, Fargo, North Dakota 58104
Licensed in North Dakota & Minnesota

d. Encroachment of buildings or other improvements on the premises and any discrepancies in measurements or distance which an accurate survey would disclose;

e. Rights which may have accrued since the date of the last continuation of the Abstract;

f. Federal, state, or municipal laws restricting the use of the premises, including the provisions of any applicable subdivision, zoning, and building ordinances;

g. Rights of local municipalities arising from unpaid assessments for local improvements;

h. Access to the described property by public roadway, easement, or other right of ingress and egress; and

i. Claims or liability arising from the deposit of hazardous waste material in or on the soil or arising from underground storage tanks.

Real estate taxes for 2024 and 2025 are shown as unpaid. Tax Parcel No.: 02-0930-00010-000

If you should have any questions, please don't hesitate to email or call. Thank you.

Sincerely,

RE: Title Opinion – Lot 57, Block 1 of The Wilds 11th Addition

Dear Mr. Nelson:

In accordance with your request, we have examined Abstract of Title to the following described real property:

Lot 57, Block 1, The Wilds 11th Addition to the City of West Fargo, situate in the County of Cass and the State of North Dakota

Our examination was made with the aid of Abstract No. 74755 containing Entries 1 through 139, last certified on the 26th day of March, 2026, at 6:59 o'clock a.m. by the Cass County Abstract Company, and review of the North Dakota Recorders Information Network through April 10, 2026.

Assuming said abstract and search to be complete and correct, it is our opinion that, subject to the qualifications contained herein, the record title to this property, as of the date and hour above mentioned, was in:

City of West Fargo

by virtue of a Warranty Deed, dated April 26, 2019, and recorded May 15, 2019, at 8:33 a.m. as Document No. 1562098.

At Entry 58 of the Abstract, there appears an easement in favor of Northwestern Bell Telephone Company dated December 18, 1970, and recorded January 17, 1972, at 4:33 p.m. in Book “R-5” of Misc., page 220, and as Document No. 455116. The easement is for the construction, operation, maintenance, replacement, and enlargement of buried or underground telephone and communications systems and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest. Due to the description contained within the body of the document, I am unable to ascertain whether the easement actually encroaches upon the property being opined hereto. A physical inspection of the property would be necessary to make that determination.

At Entry 59 of the Abstract, there appears the Plat of Auditors Lot 1 dated June 23, 1978, and filed July 6, 1978, at 11:55 a.m. in Book “C” of Auditor’s Misc., page 53, and as Document No. 538698. The plat makes reference to lots and easements and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

At Entry 60 of the Abstract, there appears a Warranty Deed dated June 23, 1978, and recorded July 6, 1978 at 4:00 p.m. in Book “429” of Deeds, page 75, and as Document No. 538712. The warranty deed reserves perpetual easements for ingress and egress and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

At Entry 66 of the Abstract, there appears an easement in favor of Cass County Electric Cooperative, Inc. dated August 15, 1978, and filed January 23, 1979, at 11:07 a.m. in Book “B-8” of Misc., page 493, and as Document No. 549058. The easement is for the maintenance and repair of an electrical transmission distribution line or system and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

At Entry 68 of the Abstract, there appears the plat of Auditors Lot No. 3 dated May 18, 1979, and filed May 18, 1979, at 10:51 a.m. in Book “C” of Misc. Plats, page 130, and as Document No. 553434. The plat makes reference to lots and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

At Entry 95 of the Abstract, there appears a right-of-way easement in favor of Cass Rural Water Users, Inc. dated March 31, 1998, and recorded October 9, 1998, at 1:00 p.m. as Document No. 912982. The easement is for the operation, inspection, repairing, maintenance, replacement, and removal of water pipelines in connection with the operation of a rural water system and should be reviewed by anyone taking interest in the property prior to the vesting of that person’s interest.

3280 Veterans Blvd S, Ste 302, Fargo, North Dakota 58104
Licensed in North Dakota & Minnesota

At Entry 96 of the Abstract, there appears a right-of-way easement in favor of Cass Rural Water Users, Inc., dated April 16, 1998, and recorded October 9, 1998, at 1:00 p.m. as Document No. 912983. The easement is for the erection, construction, installation, and thereafter use, inspection, operation, repairing, maintenance, replacing, and removal of water pipelines in connection with the operation of a rural water system and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest. Due to the description contained within the body of the document, I am unable to ascertain whether the easement actually encroaches upon the property being opined hereto. A physical inspection of the property would be necessary to make that determination.

At Entry 130 of the Abstract, there appears the Plat of The Wilds Seventh Addition to the City of West Fargo, a Plat of Part of Government Lot 3 and Part of the Southeast Quarter, all in Section 6, Township 138 North, Range 49 West, Cass County, North Dakota recorded on August 26, 2015, at 8:30 a.m. as Document No. 1456086. The plat makes reference to lots, blocks, streets, and easements, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 131 of the Abstract, there appears the Plat of The Wilds Eighth Addition to the City of West Fargo, a Plat of Part of Government Lot 3 and Part of Government Lot 4, all in Section 6, Township 138 North, Range 49 West, Cass County, North Dakota recorded on December 7, 2016, at 1:47 p.m. as Document No. 1497707. The plat makes reference to lots, blocks, streets, and easements, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 133 of the Abstract, there appears a Developer Agreement for The Wilds Eleventh Addition dated September 27, 2018, and recorded May 1, 2019, at 3:22 p.m. as Document No. 1561272. The agreement sets out certain conditions for the creation of The Wilds Eleventh Water Improvement District No. 2018-01, an assessment district for the purpose of financing, funding, and constructing the water infrastructure necessary for providing water service to the property, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 135 of the Abstract, there appears the Plat of The Wilds Eleventh Addition to the City of West Fargo, a Plat of Part of Government Lot 3, Part of Government Lot 4, and Part of Government Lot 5, all in Section 6, Township 138 North, Range 49 West, Cass County, North Dakota recorded May 15, 2019, at 8:33 a.m. as Document No. 1562097. The plat makes reference to lots, blocks, streets, and easements, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 138 of the Abstract, there appears a Subdivision Agreement between the City of West Fargo and Westport Investments, LLC, dated April 26, 2019, and recorded May 15,

3280 Veterans Blvd S, Ste 302, Fargo, North Dakota 58104
Licensed in North Dakota & Minnesota

2019, at 8:33 a.m. as Document No. 1562099. The agreement sets out certain conditions of plat and development approval and responsibilities of the parties to the agreement, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

At Entry 139 of the Abstract, there appears a Subdivision Agreement between the City of West Fargo and Kathleen Grant dated April 12, 2022, and recorded June 23, 2022, at 8:00 a.m. as Document No. 1668671. The agreement sets out certain conditions of plat and development approval and responsibilities of the parties to the agreement, and should be reviewed by anyone taking interest in the property prior to the vesting of that person's interest.

This opinion does not extend to, and you should satisfy yourself as to the following matters which may affect the title of the property, although they are not matters of record and thus not included in the Abstract:

a. Unrecorded liens of persons who have furnished labor or materials in the improvements of the premises. Such liens may be effective although not recorded until 90 days after the last item of labor or materials is furnished;

b. The rights of persons in possession of the premises or any portion thereof;

c. Any alleyways, easements, right of ways, buried transmission facilities, streets or judicial monuments actually located upon the ground;

d. Encroachment of buildings or other improvements on the premises and any discrepancies in measurements or distance which an accurate survey would disclose;

e. Rights which may have accrued since the date of the last continuation of the Abstract;

f. Federal, state, or municipal laws restricting the use of the premises, including the provisions of any applicable subdivision, zoning, and building ordinances;

g. Rights of local municipalities arising from unpaid assessments for local improvements;

h. Access to the described property by public roadway, easement, or other right of ingress and egress; and

3280 Veterans Blvd S, Ste 302, Fargo, North Dakota 58104
Licensed in North Dakota & Minnesota

i. Claims or liability arising from the deposit of hazardous waste material in or on the soil or arising from underground storage tanks.

Real estate taxes for 2025 are shown as paid. Tax Parcel No.: 02-5835-00570-000.

If you should have any questions, please don't hesitate to email or call. Thank you.

Sincerely,

Alexia Jamieson
Attorney

City Commission Agenda Item Memo
Meeting Date: April 20, 2026

☐ **Consent Agenda**
☒ **Regular Agenda**

Item Title: Intersection Improvements and Incidentals - 9th St W at Mulberry Ln & 50th Ave W

Requested Action/Staff Recommendation: Accept Petition for Improvements, Create Improvement District No. 2301, and Direct Engineer to prepare an Engineer's Report

Presented By: Jerry Wallace, City Engineer

New Information: The City has been petitioned by Hope Lutheran Church for public improvements to extend city utilities to not conflict with future site improvements and provide turn lanes at both approaches to the Hope Lutheran Addition. Public improvements are anticipated to be constructed in 2026.

Background & Project Summary: The city has been working with Hope Lutheran Church on the platting process of the Hope Lutheran Addition. The project will consist of the installation of new sewerage, water supply, storm sewer, and turn lane systems to service the Hope Lutheran Addition that has petitioned for the improvements.

Financial Analysis: This project will be paid for via special assessments to the benefitting property.

Policy Analysis: Infrastructure will be designed in conformance with city standards to service the Hope Lutheran Addition.

City of West Fargo

Process for Contracts and Improvements

Improvement Process Overview

*The City of West Fargo creates an engineer's report and estimate of probable cost for most projects, but is legally required to do so for projects using special assessment funding.

**The special assessment certification process allocates the cost of the project after the complete cost of the project is final. The Special Assessment Commission does not discuss project costs.

We, Hope Lutheran Church, are the legal and equitable owners of the following described property, to-wit:

Lot 1, Block 1, Hope Lutheran Addition to the City of West Fargo, Cass County, North Dakota

(hereinafter the "**Property**")

I/we hereby petition the City Commission of the City of West Fargo, Cass County, North Dakota, to create an improvement district for the purpose of constructing the following municipal improvements: left turn lane on 9th St W, right turn lane on 9th St. W. and related utilities (hereinafter the "**Improvements**")

I/We hereby request that the City Commission of the City of West Fargo, Cass County, North Dakota, determine by resolution that a written petition for the **Improvements** signed by the owners of a majority of the area of the **Property** included within the district, has been received and that the resolution declaring work necessary shall not be required for said improvement district.

I/we hereby certify that I/we am/are the legal and equitable owner(s) of the **Property** and have the authority to grant the City of West Fargo all necessary easements, rights of ways, fee simple, dedications and other interests in the **Property** that may be required to complete the construction of the **Improvements**.

I/We agree that pursuant to North Dakota Century Code Chapters 40-23 through 40-32 that the City shall assess the entire cost of the Improvements against my/our Property and hereby agree to pay the entire cost as levied and apportioned by the city.

Dated this 11 day of March, 2026.

OWNERS:

Hope Lutheran Church

This petition must be accompanied by evidence of ownership of the Property. Such evidence can include the following items: (a) title opinion; (b) O & E report; or (c) a copy of the vesting deed.

WARRANTY DEED

THIS INDENTURE, made this ____ day of _____, 2026, between **52nd Ave Partners LLC,** a Delaware limited liability company (hereinafter, "**Grantor**"), and **Hope Lutheran Church,** a North Dakota nonprofit corporation (hereinafter, "**Grantee**"), whose post office address is 3636 25th Street S., Fargo, North Dakota 58104.

WITNESSETH, That the said Grantor, for and in consideration of the sum of One Dollar and other good and valuable consideration, to it in hand paid by the Grantee, the receipt of which is hereby acknowledged, does hereby **GRANT, BARGAIN, SELL AND CONVEY**, unto said Grantee, its successors and assigns, **FOREVER**, the following real property lying and being in the County of Cass, State of North Dakota, and described as follows, to-wit:

Lot 1, Block 1, Hope Lutheran Addition to the City of West Fargo, Cass County, North Dakota.

The legal description set forth above was obtained from a previously recorded instrument.

TO HAVE AND TO HOLD THE SAME to the said Grantee, its successors and assigns; the said Grantee taking FOREVER and the Grantor, for itself and its successors, does covenant with the Grantee, that: (a) it is well seized in fee of the lands and premises aforesaid, and has good right to sell and convey the same in the manner and form aforesaid; (b) that the same are free from all encumbrances, except real estate taxes not yet due and payable and installments of special assessments or assessments for special improvements that have not been certified to the County Auditor for collection, all prior mineral reservations of record, easements, reservations, covenants, restrictions and other agreements of record, and all easements, dedications and reservations established by the Plat of Hope Lutheran Addition; and (c) the Grantor warrants title to the above bargained and granted premises, in the quiet and peaceable possession of the said Grantee, its successors and assigns, against all persons lawfully claiming or to claim the whole or any part thereof (except those claiming under a title warranty exception listed above), the Grantor will WARRANT and DEFEND title to the same.

The undersigned agent or grantee certifies that the requirement for a report or statement of full consideration does not apply because this deed is for one of the transactions exempted by subdivision f of NDCC § 11-18-02.2(6).

Dated: 1/20/26

By: Grantee or Authorized Agent

IN WITNESS WHEREOF, Grantor has executed this Warranty Deed effective as of the day and year first above written.

Item Title: Project No. 2293 – 9th Street NE – Grade Separation

Requested Action/Staff Recommendation: Accept Bid and Award Contract

Presented By: Jerry Wallace, City Engineer

New Information: On March 16th, the City Commission approved plans and specs and authorized the advertisement for bids. A virtual bid opening was held on April 8th, 2026, and four bids were received for the project. The low bidder was Industrial Builders, Inc., with a bid amount of $23,969,611.83. This amount is 15.8% below the bidding Engineer's Opinion of Probable Cost.

The Original Engineer's Opinion of Probable Cost Approved February 2, 2026: $23,816,000

The low bid is 0.64% higher than the Opinion of Probable Cost.

Background & Project Summary: A grade separation (bridge over the railroad) is proposed to be constructed to provide safe and efficient traffic movement through the 9th Street NE corridor which is an important arterial roadway corridor in this area of the city.

Construction of this project is intended to take place beginning in 2026 with completion estimated to take place in the fall of 2027.

Financial Analysis:

The following are the estimated costs for the project:

Estimated Total Project Cost:	$31,891,611
RAISE Grant Funds:	($20,335,689)
Prairie Dog Grant Funds:	($ 5,864,257)
BNSF Grant Funds:	($ 600,000)
Total Local Cost:	$ 5,091,665

The local cost of the project is intended to be paid for via a combination of grants listed above, Capital Improvement Sales Tax and/or a bond or loan. This project is not proposed to be assessed.

- Engineer's Certification
- Engineer's Statement of Cost
- Associated Resolution(s)

Previously Presented Information & Commission Actions:

April 6, 2026 -

- **Staff Recommendation:** Approve Overpass Agreement and C&M Agreement with BNSF
- **Commission Action:** Commissioner Jorgensen moved and Commissioner Anderson seconded to approve. Commissioner Olson was absent and not voting. No opposition, motion carried.

March 16, 2026

- **Staff Recommendation:** Approve Plans and Specifications, Direct Advertisement for Bids; and Approve Task Order No. 9-3
- **Commission Action:** Commissioner Olson moved and Commissioner Anderson seconded to approve. No opposition, motion carried.

February 2, 2026

- **Staff Recommendation:** Direct and Approve Engineer's Report and Direct Engineer to prepare Plans and Specifications
- **Commission Action:** Commissioner Zundel moved and Commissioner Olson seconded to approve. No opposition, motion carried.

February 3, 2025

- **Staff Recommendation:** Create Project No. 2293 and Approve Task Order No. 9 with Houston Engineering
- **Commission Action:** Commissioner Zundel moved and Commissioner Anderson seconded to approve. No opposition, motion carried.

January 19, 2025

- **Staff Recommendation:** Approve Access Easement Agreement
- **Commission Action:** Commissioner Zundel moved and Commissioner Anderson seconded to approve. No opposition, motion carried.

(Additional actions taken with respect to this project when it was originally a part of Improvement District No. 2265)

Project No. 2265 - Previously Presented Information:

August 5, 2024 –

- **Staff Recommendation:** Approve Task Order No. 3-5 for Design Services
- **Commission Action:** Commissioner Zundel moved, and Commissioner Olson seconded to approve. No opposition, motion carried.

June 5, 2023 –

- **Staff Recommendation:** Approve DCE Submittal with DCE decision Page decisions made by the Commission.
- **Commission Action:** three separate motions were made for the following:
  - Commissioner Olson moved and Commissioner George seconded to concur with the project concepts as proposed.

- Commissioner George moved and Commissioner Olson seconded to proceed with alternative B – Three Lane Urban Corridor.
- Commissioner Olson moved and Commissioner George seconded to with optional work item 1 – frontage road north of 7th Ave NE. Commissioners George, Anderson, Olson, Simmons, and Dardis voted aye. No Commissioners present voted nay, the motions were declared

May 1, 2023 –

- **Staff Recommendation:** Approve Task Order No. 3-3 for Basic Services.
- **Commission Action:** Commissioner Simmons moved, and Commissioner George seconded to approve. No opposition, motion carried.

August 1, 2022-

- **Staff Recommendation:** Approve Phase II Contract with Houston Engineering
- **Commission Action:** Commissioner Olson moved, and Commissioner George seconded to approve. No opposition, motion carried.

April 18, 2022-

- **Staff Recommendation:** Approve the Task Order No. 3 (Phase I Scoping)
- **City Commission Action:** Commissioner Gjerdevig moved, and Commissioner Olson seconded to approve. No opposition, motion carried.

Feb 22, 2022-

- **Staff Recommendation:** Authorize RFP to be published for Project No. 2265
- **City Commission Action:** Commissioner Olson moved, and Commissioner George seconded to approve. No opposition, motion carried.

Dec 7, 2020-

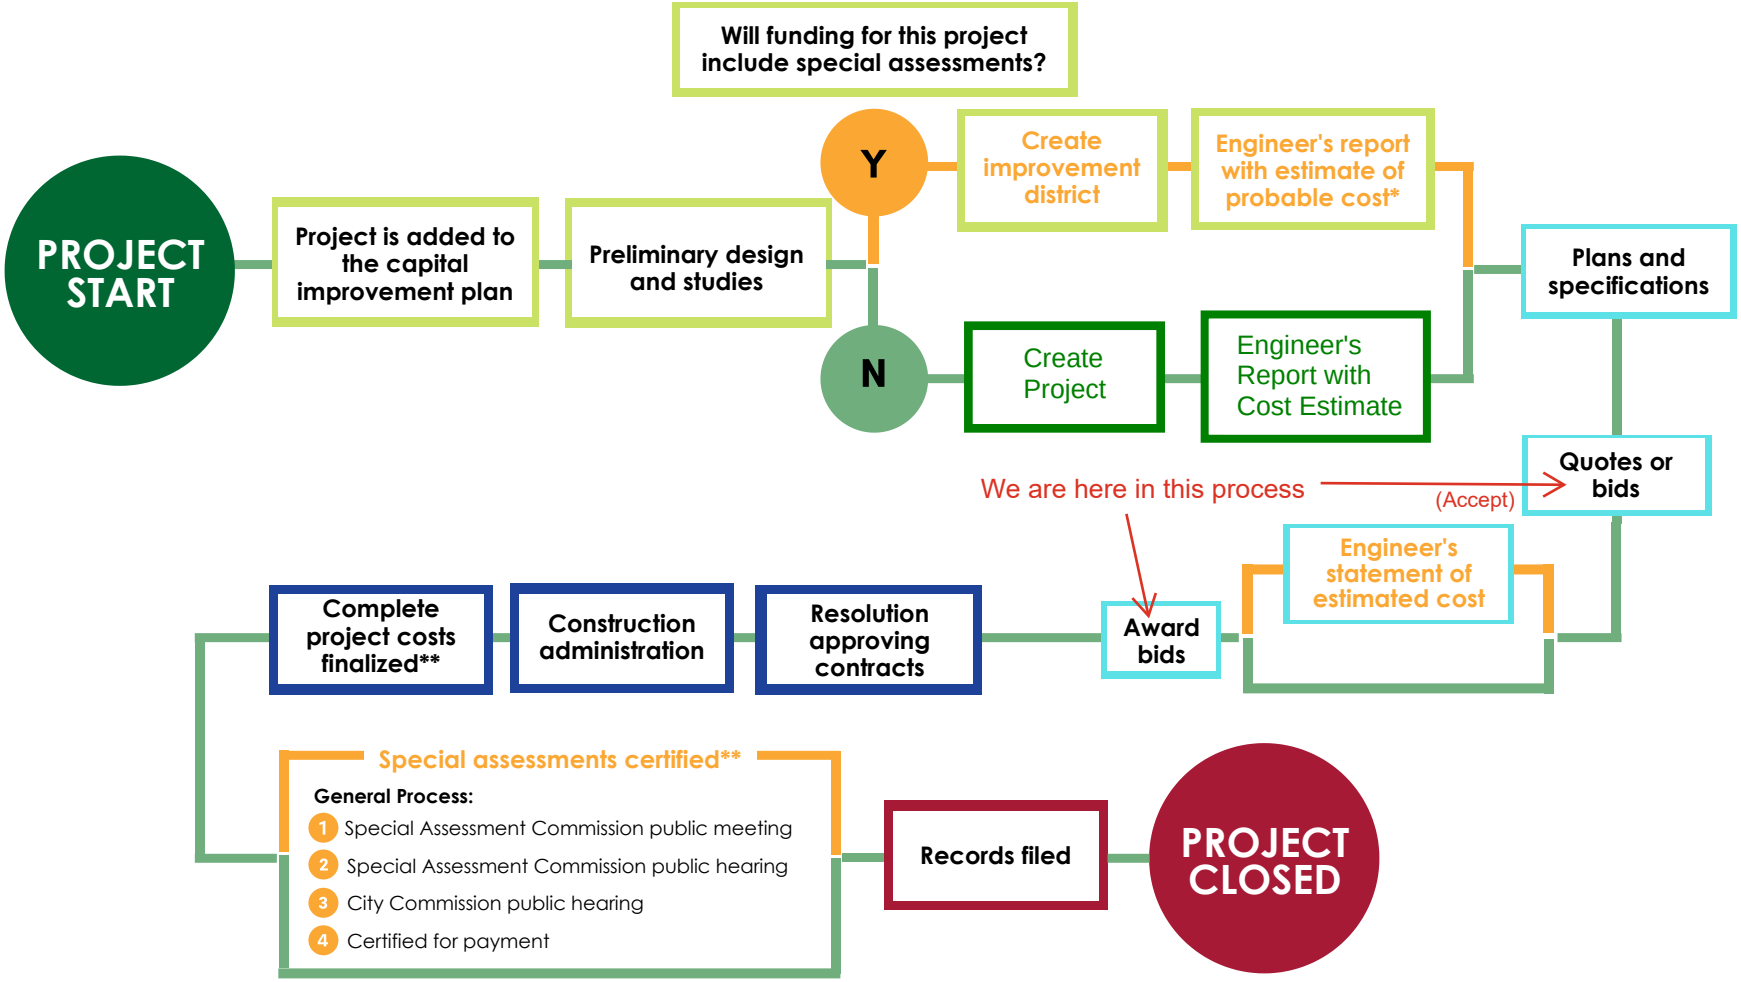

- City Commission authorized grant application

Process for Contracts and Improvements

Improvement Process Overview

*The City of West Fargo creates an engineer's report and estimate of probable cost for most projects, but is legally required to do so for projects using special assessment funding.

**The special assessment certification process allocates the cost of the project after the complete cost of the project is final. The Special Assessment Commission does not discuss project costs.

Dear Dan:

Bids were received through Houston Engineering via Quest CDN at www.questcdn.com on April 8, 2026, at 10:00 AM. A total of 4 bids were received ranging from $23,969,611.83 to $26,806,680.45. The bids received were compiled and the bids tabulation is enclosed for your review. With the favorable bidding environment, the low bidder was Industrial Builders, Inc., Fargo, ND with a bid amount of $23,969,611.83. The final Engineers Opinion of Probable cost prior to bidding is $28,466,777.60.

The Engineer's Statement of Cost including the low bidder's construction prices is attached for your review. With the low bid received the Engineer's Statement of Cost of $25,168,092 in Construction including approximately 6% in contingencies, The total project cost including soft costs is $31,891,611.83 for total project costs. The low bid was 15.8% below the Engineers' Opinion of Probable Cost.

Please review the enclosed information and provide comments, if any at your earliest convenience. The recommendation to award is anticipated to be approved by the West Fargo City Commission on April 20, 2026.

Sincerely,

HOUSTON ENGINEERING, INC.

ADVERTISEMENT FOR BIDS
CITY OF WEST FARGO, NORTH DAKOTA PROJECT NO. 2293
9TH St. OVERPASS CONSTRUCTION

General Notice
City of West Fargo is requesting Bids for the construction of the following Project listed above.

Bids for the construction of the Project will be received and accepted via electronic bid (vBid) through QuestCDN until April 8th, 2026 at 10:00 a.m. local time. Bids will be viewed and read via video/phone conference at 10:30 a.m. the same day. Mailed or hand delivered bids will not be opened or considered. Link for the video/phone conference is provided at www.westfargond.gov/268/Engineer by clicking the "Engineering Project Bid System" tab, or at www.questcdn.com.

The Project includes the following Work:
Construction of a bridge over the BNSF Railway. Approach roadway construction, utility replacement, signing and lighting, and other items required to construct the new overpass.

Bids will be received for a single prime Contract. Bids shall be on a unit price basis as indicated in the Bid Form.

The Work will be substantially complete on or before 9/18/2027 with a final completion date of 11/5/2027.

Obtaining the Bidding Documents
Information and Bidding Documents for the Project can be found at the following designated websites: www.houstoneng.com under "Projects for Bid", www.westfargo.org under "Bid Opportunities", or www.questcdn.com.

The complete set of digital documents can be downloaded for a non-refundable fee of $25.00 by locating eBid Doc™ Number 10099440 on the website. An additional fee of $42.00 is required for the bid submission. Please contact QuestCDN.com at 952-233-1632 or info@questcdn.com for assistance in membership registration, downloading and working with this digital project information, and online bid submittal.

Bidding Documents may be downloaded from the designated website. The designated website will be updated periodically with addenda, lists of registered plan holders, reports, and other information relevant to submitting a Bid for the Project. All official notifications, addenda, and other Bidding Documents will be offered only through the designated website. Neither Owner nor Engineer will be responsible for Bidding Documents, including addenda, if any, obtained from sources other than the designated website.

Instructions to Bidders.
For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

NOTICE OF AWARD

Date of Issuance:	April 20, 2026		
Owner:	**City of West Fargo**	Owner's Project No.:	**2293**
Engineer:	**Houston Engineering, Inc.**	Engineer's Project No.:	**8654-0020**
Project:	**9th St. Overpass Construction**		
Contract Name:	**Project No. 2293 – 9th St. Overpass Construction**		
Bidder:	**Industrial Builders, Inc.**		
Bidder's Address:	**1307 County Road 17N, West Fargo, ND 58078**		

You are notified that Owner has accepted your Bid dated **4/08/2026** for the above Contract, and that you are the Successful Bidder and are awarded a Contract for:

Project No. 2293 – 9th St. Overpass Construction

The Contract Price of the awarded Contract is **$23,969,611.83**. Contract Price is subject to adjustment based on the provisions of the Contract, including but not limited to those governing changes, Unit Price Work, and Work performed on a cost-plus-fee basis, as applicable.

2 unexecuted counterparts of the Agreement accompany this Notice of Award, and one copy of the Contract Documents accompanies this Notice of Award, or has been transmitted or made available to Bidder electronically.

☒ Drawings will be delivered separately from the other Contract Documents.

You must comply with the following conditions precedent within 15 days of the date of receipt of this Notice of Award:

1. Deliver to Owner **2** counterparts of the Agreement, signed by Bidder (as Contractor).
2. Deliver with the signed Agreement(s) the Contract security (such as required performance and payment bonds) and insurance documentation, as specified in the Instructions to Bidders and in the General Conditions, Articles 2 and 6.
3. Other conditions precedent (if any):

Failure to comply with these conditions within the time specified will entitle Owner to consider you in default, annul this Notice of Award, and declare your Bid security forfeited.

Within 10 days after you comply with the above conditions, Owner will return to you one fully signed counterpart of the Agreement, together with any additional copies of the Contract Documents as indicated in Paragraph 2.02 of the General Conditions.

Owner: **City of West Fargo**

CITY OF WEST FARGO
A CITY ON THE GROW

April 20, 2026

Board of City Commissioners
City of West Fargo
2515 6th Street E
West Fargo, ND

Re: Project No. 2293; 9th Street NE – Grade Separation

WHEREAS, bids were opened and filed for the 9th Street NE Grade Separation Project No. 2293 for the City of West Fargo, North Dakota; and

WHEREAS, the engineer for the City of West Fargo, North Dakota is required to make a careful and detailed statement of the estimated cost of work (*pursuant to N.D.C.C. 40-22-29*);

NOW THEREFORE, I, Jerrold F. Wallace, do hereby certify as follows:

That I am the City Engineer for the City of West Fargo, North Dakota;

That the following (and/or attached hereto) is a detailed statement of the estimated cost for work described as Project No. 2293; 9th Street NE Grade Separation of the City of West Fargo, North Dakota.

IN WITNESS THEREOF, I have hereunto set my hand and seal this 16 day of APRIL, 2026.

Jerrold F. Wallace

Commissioner _____ introduced the following resolution and moved its adoption:

RESOLUTION ACCEPTING BID, SHOWING
RECEIPT OF ENGINEER'S STATEMENT OF ESTIMATED COST
AND DIRECTING EXECUTION OF CONTRACT

WHEREAS, bids have heretofore been received for the making of certain improvements in Project No. 2293 – 9th St NE – Grade Separation of the City of West Fargo, North Dakota; and

WHEREAS, said bids were opened and made public and are on file in the office of the City Auditor of the City of West Fargo; and

WHEREAS, the Engineer for the City of West Fargo has made and filed a careful and detailed statement of the estimated cost of said work; and

WHEREAS, it is necessary to accept the bid for the work to be completed;

NOW THEREFORE, BE IT RESOLVED AS FOLLOWS:

That the fact is and that the minutes show that the bid of Industrial Builders, Inc., in the amount of $23,969,611.83, is the lowest bid received and that said company is the lowest responsible bidder; that said bid was accompanied by a bidder's bond in the amount of 5% of the bid price and copy of the contractor's license or certificate of renewal thereof and in conformity with the provisions of Chapter 40-29 of the North Dakota Century Code

That the Engineer for the City of West Fargo, has made and filed with the Board of City Commissioners of the City of West Fargo a careful and detailed statement of the estimated cost of said work in said Project No. 2293;

That the contract for the construction of said improvement for which advertisement for bids is made, be and the same is hereby awarded to the said Industrial Builders, in the amount of $23,969,611.83, and that the President of the Board of City Commissioners and the City Auditor are hereby authorized and directed to enter into a contract with the said contractor for the making of the improvements for which advertisement for bids was heretofore made and for which they were the low bidder.

Dated: April 20, 2026

APPROVED:

_____
President of Board of City Commissioners

ATTEST:

_____
City Auditor

The motion for the adoption of the foregoing resolution was duly seconded by Commissioner _____. Upon roll call vote being taken thereon, the following commissioners voted in favor thereof: _____. The following commissioners were absent and not voting: _____. The following commissioners voted nay: _____. The majority having voted aye, the motion was carried and the resolution was duly adopted.

Item Title: Project No. 9021 – Wastewater Serviceability and Risk Reduction Study

Requested Action/Staff Recommendation: Approve modifying the Sewer Agreement with Mapleton to include the upsizing of the force main east of 38th Street NW.

Presented By: Dan Hanson, Senior Director of Community and Development Services

---

New Information:

In May of 2019, the City of West Fargo entered into a Sewer Agreement with the City of Mapleton for the purposes of Mapleton to pump their sewage flows to West Fargo. This agreement is in the process of being modified to reflect current uses, flows and rates.

The City of Mapleton is slated to bid a project out within the next few months where they will be constructing a sanitary sewer force main from Mapleton to connect to the City of West Fargo's sewage collection system in the location of SA-40. With their proposed force main going west to east following the railroad, it will be within approximately ½ mile of the Raymond Interchange.

As part of the Wastewater Serviceability Study that is ongoing, servicing future growth area land with sanitary sewer is a challenge as our existing system is at capacity. This means servicing our growth area to the west and southwest will likely need to be pumped around the west side of the city and eventually to the point of connection in the vicinity of SA-40.

Staff is proposing that in addition to the above-mentioned modifications to the existing Sanitary Agreement that it also be modified to reflect the force main to be upsized from 38th St NW to the connection point near SA-40 from their proposed 14" forcemain to a 24" force main. This would allow a 20" force main to be connected at this point which could be used to service the area to the north of 12th Avenue, around the Raymond Interchange as well as West 94 Growth Area to the south.

By making this proposed improvement, the cost of upsizing the force main would be greatly less than West Fargo installing its own force main for servicing this area. The force main with this modification, would be able to service a minimum of 2,500 acres of land and would put the city in a position to be able to develop in the areas mentioned above much sooner and less costly than completing our own forcemain project at some point in the future.

Background & Project Summary: This study has been ongoing and is approximately 90% complete. Upon completion of the study, it will be presented to the Commission.

Financial Analysis:
Preliminary estimates are that the increased construction costs of increasing the size of the force main to accommodate both Mapleton and West Fargo sanitary sewer flows would be approximately $1,500,000. Their project would be bid with the upsizing as an alternate so that after the project has been bid it would be able to be brought before the Commission for final approval. With soft costs included it's estimated that the overall cost of these improvements will be less than $2,000,000.

The funds used to pay for these improvements could be Capital Improvement Sales Tax, Economic Development Sales Tax or a bond/loan. This is yet to be determined.

As was done with the construction of SA-27 to service unincorporated areas south of Interstate I-94, it is proposed that a hook-up fee be established which would be paid to the city upon platting of future growth areas.

If approved to move forward, a new project number will be created for these improvements with an Engineer's Report. In that report there will be a more detailed cost analysis with additional information on the service area of the force main along with a recommendation of how to pay for these improvements and an estimated proposed hook-up fee to reimburse the city for these improvements as well as.

2. These are construction costs that do not include contingency costs.

MEMORANDUM OF UNDERSTANDING

Municipal Judge Coverage

1. Purpose

This Memorandum of Understanding ("MOU") is entered into by and between the City of West Fargo, a North Dakota home rule city and municipal corporation (the "City"), and Dan Phillips (the "Alternate Municipal Judge").

This MOU establishes the terms under which the Alternate Municipal Judge will provide temporary primary municipal judge coverage for the City following the resignation of the Municipal Judge, Trent Barkus, through the next election, anticipated in June 2026, and appointment.

2. Term

This MOU is effective on May 1, 2026, and will continue through June 30, 2026, or until a duly elected or appointed Municipal Judge assumes the position pursuant to City Ordinance Chapter 1-12.

3. Scope of Services

The Alternate Municipal Judge will perform all duties and responsibilities of the Municipal Judge, as set forth in City Ordinance Chapter 1-12, to maintain continuity of court operations.

4. Compensation

The Alternate Municipal Judge currently serves in this role for the City and will continue to be compensated at a rate of $137.50 per hour.

For purposes of this MOU, the Alternate Municipal Judge will assume primary responsibility for all Municipal Judge duties. The parties agree to a monthly service basis of forty-six (46) hours at the hourly rate set forth herein, resulting in total monthly compensation of $6,325.00.

Payment will be made upon receipt and approval of invoices in accordance with the City's standard accounts payable procedures. The City will not provide any additional benefits to the Alternate Municipal Judge; it will solely provide the compensation as set forth herein.

5. Employment Status

The Alternate Municipal Judge is engaged in a temporary, independent contractor capacity for the limited purpose described in this MOU and is not considered a temporary or a permanent employee of the City.

6. Compliance

The Alternate Municipal Judge shall comply with all applicable laws, City ordinances, and applicable North Dakota judicial conduct requirements.

7. Termination

Either party may terminate this MOU with written notice to the other party. Compensation will be prorated based on actual hours worked up to the termination date.

8. General Provisions

- This MOU does not alter the statutory authority of the Municipal Court.
- Modifications must be in writing and agreed upon by both parties.
- This MOU is limited solely to this temporary appointment period.
- This MOU shall not be considered a waiver of the election requirements for the Alternate Municipal Judge for the City's Municipal Judge position. If the Alternate Municipal Judge desires to fill the Municipal Judge position following his temporary appointment hereunder, he must declare his candidacy and run in the June 2026 election.
- This MOU shall be governed by the laws of the State of North Dakota.
